DEPARTMENT OF HUMANITIES & APPLIED SCIENCES STUDENT INDUCTION PROGRAMME

Date: 18th January 2022

NOTICE

The Department of Humanities and Applied Sciences of the college has scheduled An online lecture by an Eminent Speaker on 22.01.2022 from 10.00am to 11.00am under the Student Induction Programme (2021-2022). The title for the lecture is "Stress to Smile". It is compulsory for all first year students to attend the session.

Google meet link for the video meeting will be shared through all official class whatsapp groups

DEPARTMENT OF HUMANITIES & APPLIED SCIENCES STUDENT INDUCTION PROGRAMME A REPORT ON A LECTURE BY EMINENT SPEAKER

Name of Activity: SIP 2021-2022

Name of Sub Activity: A Lectures by Eminent Speaker

Name of the Speaker: Ms. Madhuri Agarwal

Name of Topic: "Stress to Smile"

Date: 22.01.2022

Total Participants: 200

The Department of Humanities & Applied Sciences of SLRTCE organized a lecture by an eminent speaker as an important activity under SIP 2021-2022. The lecture was conducted on 22 January 2022 .The topic of the session was "Stress to Smile". An eminent speaker from ISKCON, Ms. Madhuri Agarwal was the speaker of the session. Ms. Agarwal worked as professor of Business management & Accounting and Finance at Royal College. She has been a winner at the International Conference on Asian Economy at University of Mumbai. Besides, she is also a host at Hare Krishna TV, a mentor & life coach. The lecture was conducted for our first year students. The objective of the session was to guide students to lead a happy and a peaceful life without stressing them. This is an obvious and evident lifestyle disorder which later causes many health issues. The speaker began the session with the idea of converting Stress into a smile. The speaker mentioned some main reasons for stress like unhealthy addiction, interpersonal and intrapersonal conflicts which makes us compare and imitate others especially in this fast growing materialistic world. Managing things with friends, relatives, family members and colleagues is becoming another level of stressful attitude. The biggest level of stress is multitasking. That adds up more to stress. Unrealistic targets are the other reasons for the stress. Contrary to this, if we set realistic targets certainly we would be able to eliminate stress. Unhealthy competition which today has become very common just to show or present the best of oneself is making

life more stressful. Apart from this, long working hours are also the main cause of stress. She mentioned especially online learning which is piling up stress among students. The stress is a silent killer. She also talked about how to be relaxed.

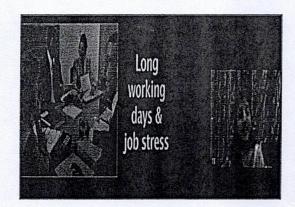

She explained the mechanism of mind which is in fact the creator of all thoughts, experiences, needs, desires and conflicts and it is connected with senses. But with corrective measures we can tackle the mind with intelligence which will not give you stress anymore. She also told students to sublimate desires not suppress them. Whereas an uncontrolled mind will lead to lack of confidence, loss of trust, depression, insanity, hypertension and many dangerous diseases. The speaker explained five reasons for stress through the acronym CEOIE.

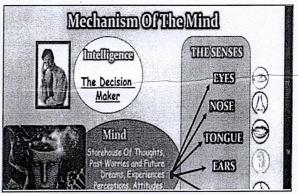

If we take the emotions: Control, Expectation, Opinion, Insult and frustration without using intelligence then surely we will be stressed. But if we change the script written in mind, we can change its conditioning. We should acknowledge the fortune with gratitude while we should never welcome people's comments whatever they say. She guided students to always see the sunny side of the people . She also emphasized the GIGO principle which means **Garbage in Garbage Out** to tell students to see your mind as a book where you can write what you want to write. So you will be more aware about the types of thoughts. The solution for stress is ESCAPE, again an acronym: **Expectation** – Give Up, **Success**- definition, **Comparison**,- avoid this habit, **Appreciate God's grace**- remind you every day and **People Comment** – not to bother . Around 200 students from FE attended the session and actively participated in the interaction where they asked many questions from the speaker. The participants added more charm and made the session more interesting and informative. The ESCAPE made them get the key to be stress free and live a happy and peaceful life. It was really an awesome experience for the first year engineering students. Since this is the start of their engineering journey, they will definitely be able to control stress in their life and feel more happy and content in their life.

DEPARTMENT OF HUMANITIES & APPLIED SCIENCES STUDENT INDUCTION PROGRAMME

A REPORT ON UNIVERSAL HUMAN VALUES SESSION

Name of Activity: SIP 2021-2022

Name of Sub Activity: UHV (GD)

Name of the Speaker: Dr. Monika MDR Wagh

Name of Topic: Topics related to Human Values

The Department of Humanities & Applied Sciences of SLRTCE organized a group discussion activity on the topic of universal human values for first year students. The session was conducted as a part of SIP 2021-2022. This session was conducted in offline mode during the second semester of first year. The session was conducted during the practical hours. Students were informed prior but the topics were given on the spot. All the topics were related to the basic human values needed to restore basic nature as a human being. As per the directions mentioned in SIP planner group discussion sessions were held.

A group of eight members was made and an impromptu topic was given to one group. After the topic was announced to them, five minutes were given to them to jot down their important points to be discussed during the session. Exactly after five minutes, there was a buzzer to start the actual discussion. In this way a number of groups were formed and for each group different topics were given. Some of the topics are mentioned here. "Unity with Nature", "Harmony in Relationship", "Is Honesty is the Best Policy in Today's Time", "Money Vs Happiness". "Women empowerment" Every member in the group participated openly with a great interest and shared his/her views. Around sixty two students actively participated in the discussion as per their choice to speak. Rest of the students listened to the participant's views and enjoyed the session. It was really a new experience for the first year students. It was not only an opportunity for the students to express the value system where they had been nurtured individually but also a great platform to communicate without any hesitation and apprehension.
