DEPARTMENT OF HUMANITIES AND APPLIED SCIENCES

STUDENT INDUCTION PROGRAMME

UHV Session Narrative Report

AY 2022-23

Title of the Event: UHV

Date: 2nd Week of January & III week of May

Timings: Practical Hours

Venue: Classrooms

Objectives:

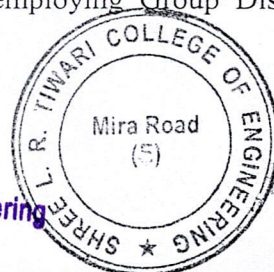

To inculcate human values for leading a meaningful and harmonious life

Details of the session:

UHV is one of the important components under the Student Induction programme devised to develop engineering students as an exquisite combination of cerebral potential preserving genuine & inborn human tendencies. This is absolutely correct for today's generations having been born with too much indulgence of materialism. To sustain and maintain the very basic human attitude among students to be positive and optimistic in their lives, UHV sessions are of great help. These sessions were conducted under SIP in semester I & semester II. Students were directly made to participate in the sessions by employing Group Discussion methodology.

PRINCIPAL
Shree L. R. Tiwari College of Engineering
Kanakiya Park, Mira Road (E).

Through group discussion they got the chance to express their views on human values and its pertinence in normal human life. The topics were quite general and based on universal human values. They were asked to speak on impromptu topics. This was the best practice to make them express their actual viewpoints and reveal their inherent temperament as a human-centred approach which must be reinstated specially while living in this extra mechanical and materialistic world. A group of eight members was formed for one topic and in all fifteen such groups were made to participate in the discussion under the faculty of humanities. It was an astonishing experience to listen to them discussing the importance of values in life.

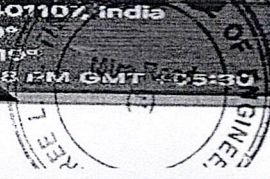

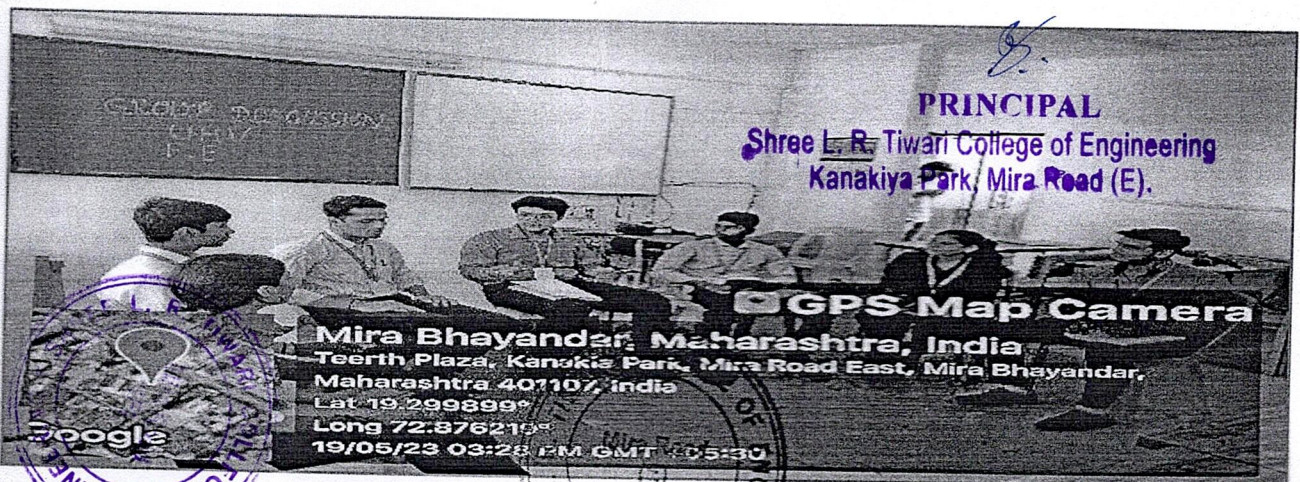

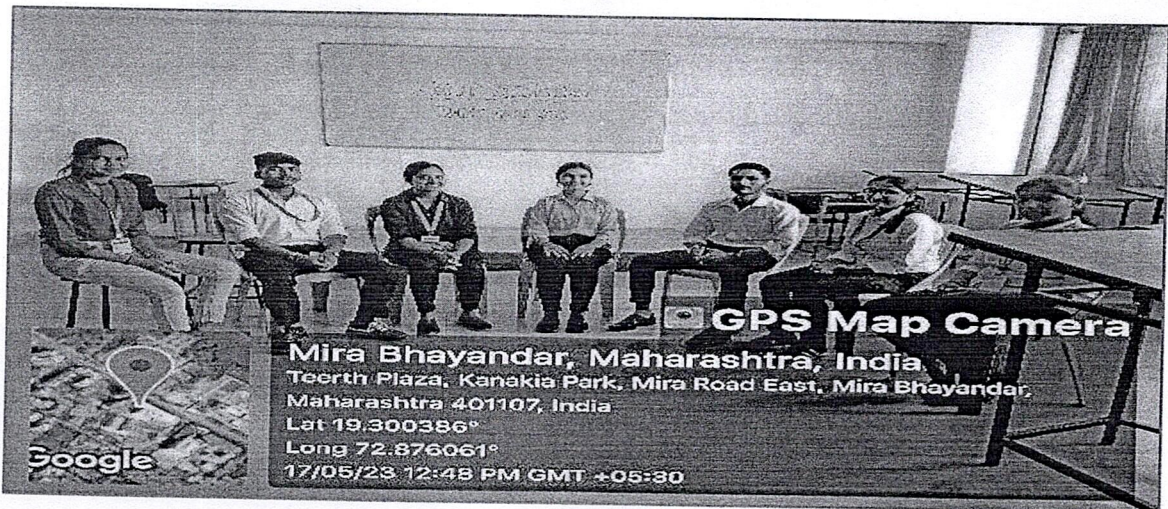

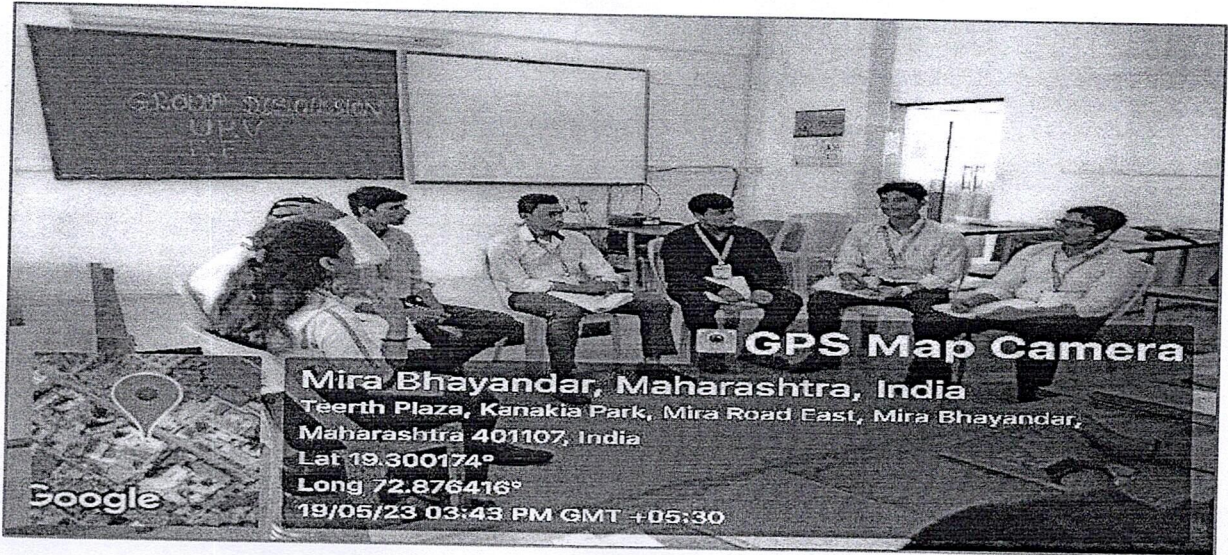

Outcomes: Human Ethics
