## INSTITUTIONAL SOCIETAL RESPONSIBILITIES AND EXTENSION WORK

### Contents

Sr.No.	Academic Year	Activities
1.	2021-22	Tree Plantation

**NAME OF ACTIVITY: Tree Plantation Date:**  
14 October 2021.

#### Description:

“Love the trees until their leaves fall off, then encourage them to try again next year”

The Motive for the Yearly Tree Plantation drive started by admiring these words. Trees represent life, growth, peace and nature. They produce oxygen, clean soil, prevent drought, control flood related disasters, prevent soil erosion, improve physiological, mental and spiritual health, and also reduce carbon footprints. Today, their value continues to increase and more benefits of trees are being discovered as their role expands to satisfy the needs created by our modern lifestyles.

Trees control climate by moderating the effects of sun, rain and wind. They also lower the air temperature and reduce the heat intensity of the greenhouse effect by maintaining low levels of carbon dioxide. This is an important step of afforestation to maintain the ecological balance of nature.

#### Conduct of event:-

With the permission and guidance of Principal Sir and our ISREW Head Amarnath Sir we were able to conduct this activity. The activity started by collecting the samples of some Medicinal plants and florals. Every member of ISREW volunteered for planting plants. This activity was done individually and all were present online on 14th October 2021, keeping the Pandemic in consideration. We planted some Herbal Medicinal plants and some florals.

Though it was online we had fun while on the plantation. It was a great experience with lots of satisfaction. We did something for our mother earth.

## INSTITUTIONAL SOCIETAL RESPONSIBILITIES AND EXTENSION WORK

### Contents

Sr.No.	Academic Year	Activities
1.	2019 - 2020	FORT CLEANING CAMPAIGN

### NAME OF ACTIVITY: FORT CLEANING CAMPAIGN

#### Description:

On the occasion of World Clean Up day celebrated on 21st sept 2019, the ISREW committee along with NSS Committee carried out the cleaning activity at Vasai Fort. Forts are of great importance as they resemble the old monument and architectural works, the carvings, the Tradition, and the patriotic feeling. Conventionally forts were built to ensure a safe and secure human settlement, to keep the enemy at arm's length and ensure to have an upper hand during one to one combat.

Chatrapati Shivaji Maharaj too, gave immense importance to forts and literally built 111 forts within 35 years. The three prime reasons for building forts were to establish the empire in the region, sustain it and expand it. So as a responsible person of Republic India its our responsibility to preserve and maintain cleanliness at our Fort and other historic places.

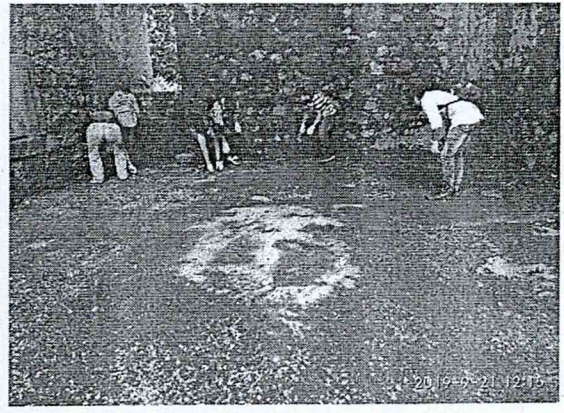

Vasai fort was chosen to carry out these activity, it's located in Vasai and it's 10 km to the south of Vasai from Vasai Station. This fort is located on the coastal belt of Maharashtra and was built by Yadavas of Devagiri in 1184. Chimaji Appa the brother of Peshwa Bajirao was the last ruler of this fort till 1739. After that it was conquered by British.

With the permission of Archeological survey of India (ASI), our unit carried out the cleanliness activity under the Swachh Bharat Abhiyan. Our unit cleaned the premises of Fort Vasai (Earlier known as Bassein) entrance. The NSS unit cleaned the weeds that were grown in the premises due to rain while the plastic in the premises was collected by the ISREW unit. The cleanliness drive was also conducted in the nearby area of the fort like Nageshwar Mahadev Temple and Vajreshwari Temple which are located side of the premises. The cleanliness drive started at around 10.00 am and ended at 2.00pm.

**NAME OF ACTIVITY: CREATING AWARENESS ABOUT SAVING WATER ON WORLD WATER DAY**

**Description:**

Water covers 71% of the Earth's surface, and is vital for all known forms of life. World Water Day, 22nd March, is an international observance day which is about inspiring people and getting attention on the importance of water. To remind people about the most important element that sustains life on the planet, water. This is the awareness about water shortage, which is rising every day everywhere, and related issues to work on it and make the difference. So on this Day, students of SLRTCE Volunteered to create awareness about saving water and its importance as this global problem of the water crisis is one of the issues which requires immediate action. The challenges other than basic needs include water pollution, inadequate water supply, and water scarcity. Students of SE Mechanical divided themselves among three groups and got spread for creating the awareness. First group covered ground floor and 1<sup>st</sup> floor, 2<sup>nd</sup> group covered 3<sup>rd</sup>, 4<sup>th</sup>, 5<sup>th</sup> floor and third group covered new building which is there in SLRTCE premises. Students from each group had taken a survey about the problems like water wastage, leakages and they tried to find the solutions for the problems. Some of the students also interacted with the non-teaching staff by giving speech on importance of Water and its saving. Department of Mechanical Engineering has held drawing competition on the Importance of saving of water for creating awareness among the students.

2.	2018-19	CREATING AWARENESS ABOUT SAVING WATER ON WORLD WATER DAY

**NAME OF ACTIVITY: CREATING AWARENESS ABOUT CLEANLINESS BY CONDUCTING CLREAN UP DRIVE UNDER UTSAV 2019**

#### Description:

Considering plastic pollution is one of the biggest environmental issues of our time, SLRTCE students along with students, Staff, and Principals of Rahul Education group, were heading to the beaches to clean them up and bring in a change.

The problem of unclean, polluted spaces is not restricted to beaches only though- it happens all over the world. And it looks like people are done waiting for the authorities to take charge of the situation. In the month of January, dated 12<sup>th</sup>, the clean-up challenge went viral on social media with thousands of students litter-picking at Gorai Beach around them and posting before and after pictures of their efforts, calling on others to clean up their communities.

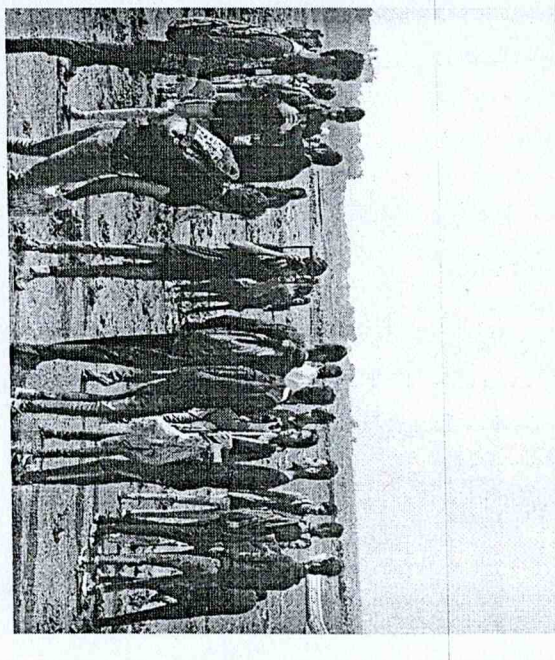

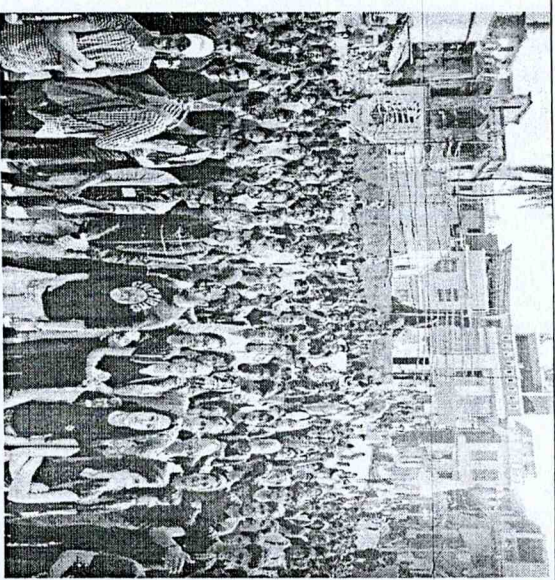

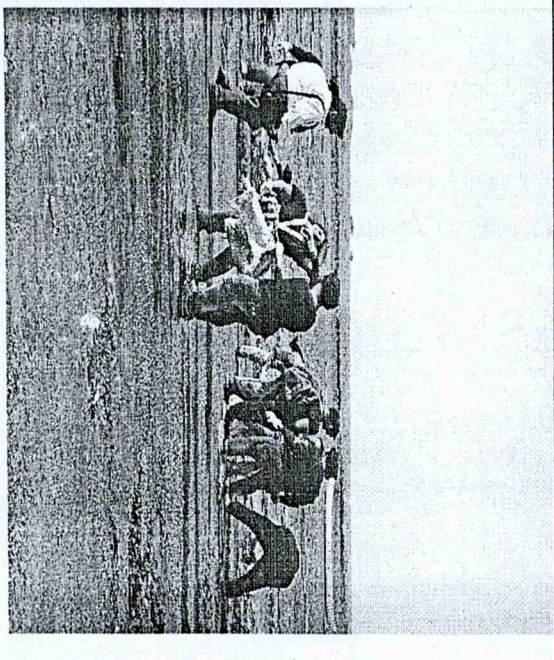

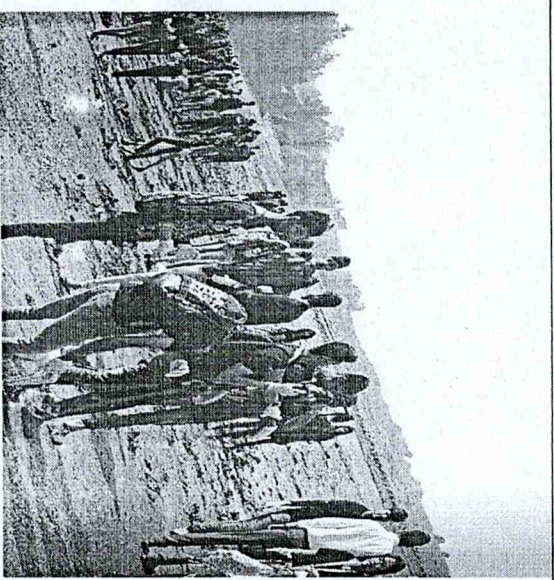

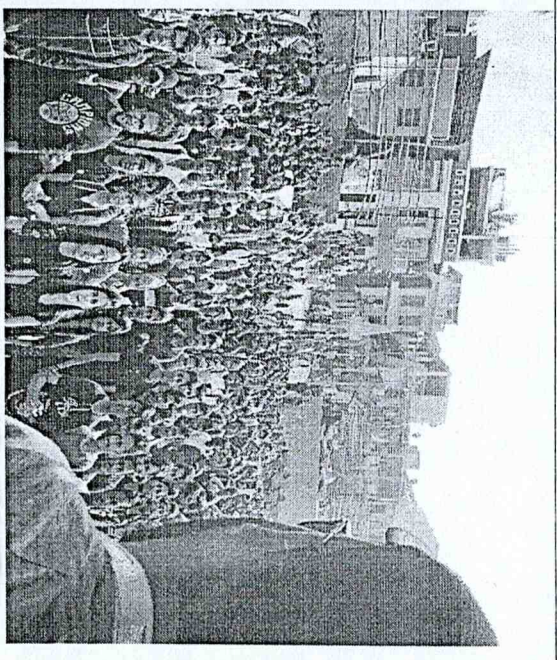

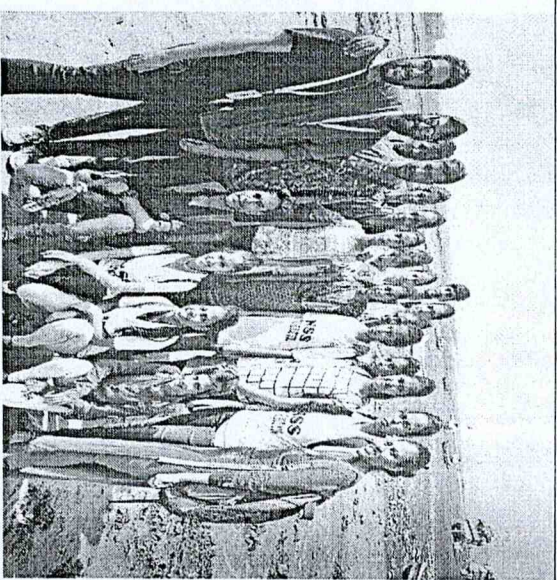

In two-and-a-half hours, the volunteers managed to collect kilos of waste, mostly plastic and cloth. As cleaning is not the one time activity so this is not the end, we have planned more such events in the future

#### Content

Sr.No.	Academic Year	Activities
1.	2022-23	"Versova Beach Cleaning"

#### Description & Objective:

To create awareness among the people to keep surroundings clean team DLLE organized a cleaning drive at Versova Beach on 18<sup>th</sup> March 2023. The primary goal of a cleanliness drive is to create a cleaner and healthier living environment for people. It involves activities such as garbage collection, litter picking, cleaning public spaces, and other initiatives that can help maintain cleanliness and hygiene in the area.

#### Conduct of Event:

The Activity was conducted by the members of DLLE in Versova. Firstly, Student Manager took the permission from our Principal Sir and Dean. Hence, we came up with an idea of conducting a Cleanliness drive. Then, all the enthusiastic members of DLLE took a brief on materials needed to conduct this activity like garbage bags, brooms etc.

## STUDENT WELFARE AND DEVELOPMENT CELL

Ref.No.: SLRTCE/SWDC/DLLE/13

Date: 25/03/2023

### Department of Lifelong Learning and Extension (DLLE)

#### Content

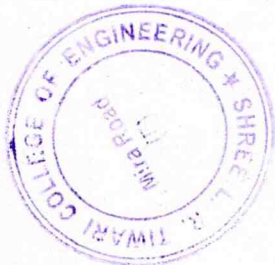

Sr.No.	Academic Year	Activities
1.	2022-23	"Vasai Fort Cleaning"

#### Description & Objective:

To create awareness among the people to keep surroundings clean team DLLE organized a cleaning drive at Vasai Fort on 25<sup>th</sup> March 2023. The primary goal of a cleanliness drive is to create a cleaner and healthier living environment for people. It involves activities such as garbage collection, litter picking, cleaning public spaces, and other initiatives that can help maintain cleanliness and hygiene in the area.

#### Conduct of Event:

The Activity was conducted by the members of DLLE in Vasai. Firstly, Student Manager took the permission from our Principal Sir and Dean. Hence, we came up with an idea of conducting a Cleanliness drive. Then, all the enthusiastic members of DLLE took a brief on materials needed to conduct this activity like garbage bags, brooms etc.
