SHREE L.R.TIWARI COLLEGE OF ENGINEERING NSS UNIT

NAME OF ACTIVITY: VANMAHOTSAV

Date of activity: 14th July 2018

No. of participants: 22

Activity area: SLRTCE campus

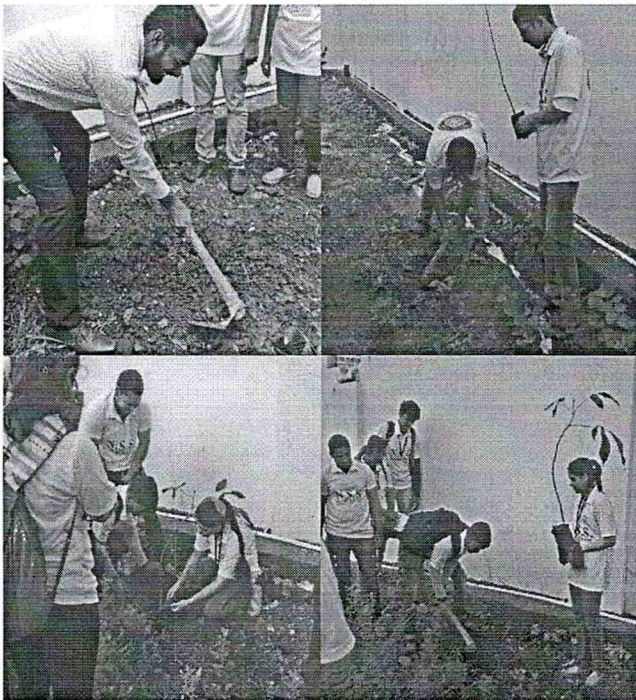

Total hours: 3

Description:

On 14th July, 2018, we performed “Vanmahotsav” event in the college campus. Trees are the foremost source for producing the oxygen in environment, by reducing the level of CO₂. As we all are aware that the whole world is facing the problem of global warming and the only way to reduce its effect is by planting trees.

With 20 tree saplings that included trees like neem, we started with our work with assigning the spots for the saplings to plant. During planting, we took care for the proper growth like avoiding excess water accumulation. In spite heavy rains, volunteers continued planting and all the saplings were planted with care within 3 hours. The tree plantation was attended by our Principal Dr. S Ram Reddy sir and PO Prof.Menka Singh and committee member Prof.Vikas Somankar. Just planting saplings is not enough; we will be taking care of them until they are self-sufficient for the growth. With this we conclude “Plant a tree so that next generation can breathe free”.

Name of Activity :- Paper Bag Making & Distribution

Date of Activity :- 21 July 2018

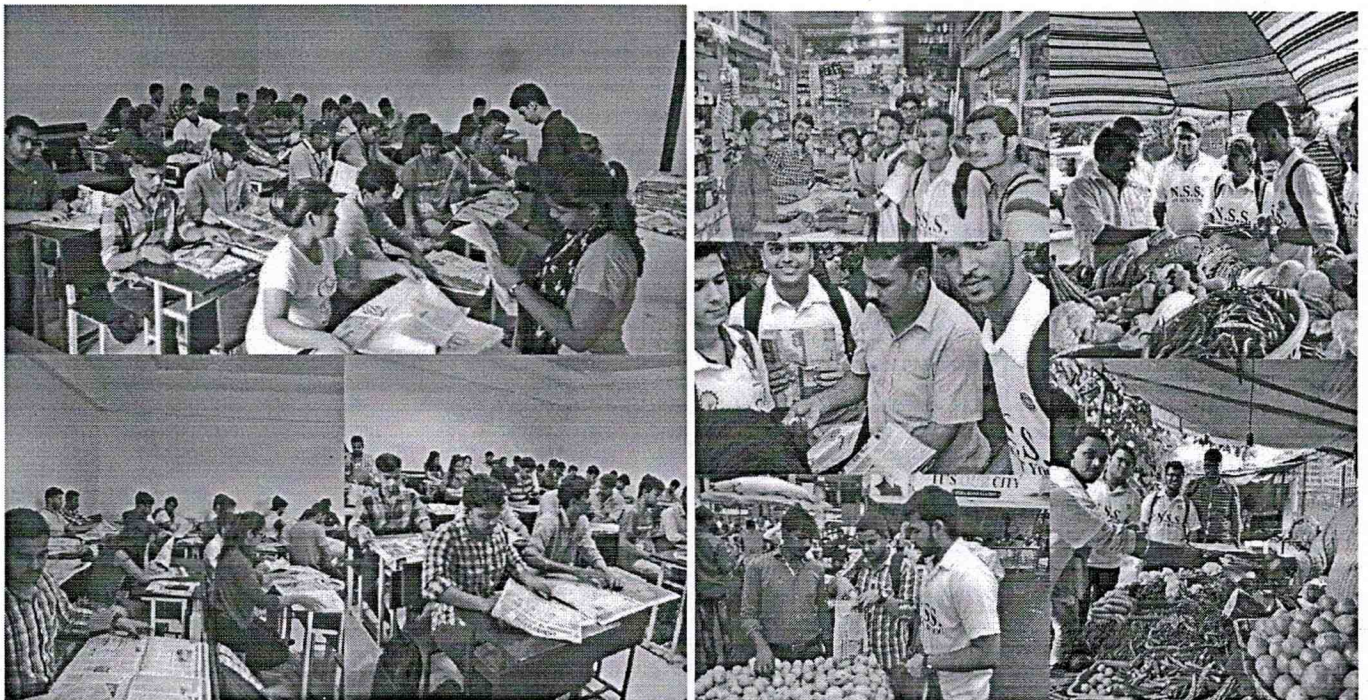

No. Of Participants: - 38

Activity Area :- Mira Road

Description

Plastic or Polythene is a major chemical hazard which is corroding the environment gradually. Hence the government has imposed a plastic ban as an initiative to restrict the amount of plastic in the environment. But every rule has a setback, in this ban the major setback was the cost of commercially obtained paper bags. These paper bags were costly and hence mediocre vendors and shopkeepers found paper bags costly. Therefore on 21 July 2018 we organized a paper making and distribution event where paper bags were made in large quantities and then distributed among the vendors and shopkeepers. These handmade paper bags were crafted without any usage of staplers, scissors or any kind of harmful or non biodegradable substances. Newspapers were the only ingredient required to make paper bag. During this activity we not only promoted the use of homemade paper bags but also taught them to craft paper bag on their own. The vendors were happy as, they found an alternative to costly paper bags which was homemade newspaper bags. With this we conclude *"Plastics are a helping hand, but they are polluting our land."*

SHREE L.R.TIWARI COLLEGE OF ENGINEERING NSS UNIT

NAME OF ACTIVITY: Swaccha pakhawara

Cleanliness drive in college premises, Seminar on Importance of Cleanliness, Cleanliness drive in adopted village Zambulpada, Clean Institution Agenda and Rally

Dates of activity: 6th August 2018, 7th August 2018, 11th August, 2018, 15th August 2018

No. of participants: 46, 44, 43, 46

Activity area: SLRTCE campus, Zampulpada, Vaitarna, College campus and Beverley Park (Mira road)

Guest speaker: Dr. Vinayak Shinde (Speaker for seminar), Dr.S Ram Reddy (Meeting with Head of Institute, Principal)

Description:

Handling the garbage is a very serious issue in our country and it should be addressed with that serious manner. That's the reason on 6th & 7th August 2018; we organized a **Cleanliness drive** in our college premises. We were divided in 4 groups. Each group was given a specific area to clean in a given time and the groups were in repetitions for the allotted area Areas – Library ,Canteen ,Classrooms (all floors) ,Washrooms (all floors) ,College entrance, and campus area and Ground

On 7th August 2018, a seminar on “**Importance of cleanliness**” was conducted in the college. The purpose of the seminar was to understand various ways in which we can make our surroundings clean in a more efficient and smart way. The seminar was conducted by **Dr. Vinayak Shinde** (HOD of computer department). Seminar was introduced with all the problems that are caused due to un-cleanliness. The measures taken by the government and its implementation process were briefly discussed. One of the actions initiated by our Government is “**Swachhta App**” which is available on Google platform for common people where they can directly inform responsible officials about any un-cleaned, un-checked area in any locality. “**Being green and clean is not just aspiration but an action.**”

On 11th August 2018 we visited the **adopted village in Vaitarna**, where we carried out **Cleanliness drive**. When we visited the village, open garbage disposal was practiced in the village so at that time we made them aware through **Rally with Posters showcasing slogans and door to door visit** about the disadvantages and effects of this practiced. Our volunteers cleaned the village wherever we found it to be cleaned. Also the accumulation of mud in the middle of road was cleared with a temporary solution with the available material.

On 15th August 2018 , Our PO Ms. Menka Singh invited **Principal Sir Dr. S Ram Reddy** and conducted an interactive **Meeting on Clean Campus** with the NSS volunteers. He told us

PRINCIPAL
Shree L. R. Tiwari College of Engineering
Kanotiya Park, Mira Road (E).

about the importance of not only outer cleanliness but also inner cleanliness of mind and body, that is youth should not indulge in habits such as drug abuse, drinking and driving, etc.

Meeting agenda:

1. When we were cleaning the college in our swachh pakhawara activity we observed that there was no proper segregation of wet and dry waste so we discussed this with the Principal Sir and he agreed and assured us that he will make sure that this thing is implemented as soon as possible.
 2. Also we observed that there were no dustbins in some of the classrooms so we even raised this issue and it was assured from Principal sir to make it work as soon as possible.
- This session was concluded on a note of working towards this cause and we commenced with the 'Swachha Bharat Rally'.

The rally was from the college to McDonald (Laxmi Park). We held the banners in our hands and marched towards the destination .As we started marching, we grabbed people attention by cheering the slogans such as, "**Hum sab ka ek naara hai, Bharat swachha banana hai** " and "**Swachha Bharat ek bada abhiyaan,Aao mil kar kare yogdhan**". People stopped their own conversation and listened to our rally. Even the residents came out through their windows to watch our rally.

 3. All HODs
 4. Students Notice Board

SHREE L.R.TIWARI COLLEGE OF ENGINEERING NSS UNIT

NAME OF ACTIVITY: Bamboo Rakhi Sale

Date of activity: 21st August 2018, 22nd August 2018

No. of participants: 16,16

Activity area: SLRTCE campus (stall near Xerox center)

Description:

"Raksha Bandhan" is a perfect time to tell your brother and sister how special they are and how much they mean to you. Due to lack of education facilities and opportunities in the tribal areas, women have already been lacking in their social growth. Here we made an initiative to help empower women who are lacking with the opportunities. So we purchased **handmade bamboo Rakhis** made by **tribal women** (contact person was provided in the circular from MU) and resold them on the college campus. We requested everyone to buy these Rakhis from our stalls and help us in supporting the tribal women to earn their livelihood. Also these are complete eco-friendly and Made in India.

SHREE L.R.TIWARI COLLEGE OF ENGINEERING NSS UNIT

Name of Activity : Cycle Rally Activity

Date of Activity. : 6th September 2018

No. Of Participants: 16

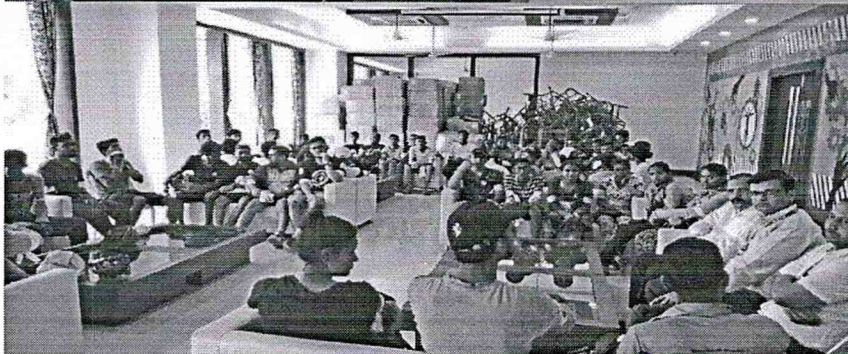

Activity Area : College Premises

Description: - To promote awareness among common people regarding the pitfalls of using plastic in our daily life NSS Volunteers of Viva college took a step ahead to support the initiative by going on road on their cycle. Their message was clear - Live Eco-friendly and let live Eco-friendly.

50 volunteers on peddle and 4 staff members from Viva College will be carrying this journey for 5 days (5th September to 8th September). Right from virar- satpala--vasai-mira road-uttan-Virar, the voice of concern for the environment will be motivating the spectators!

NSS unit of Shree L R Tiwari College of engineering was playing host for them on 6th September. NSS SLRTCE volunteers guided the cycle rally from Royal College till our college. Our four NSS volunteers went to Royal College at 12pm to guide them on the way to our college. Volunteers of SLRTCE were well prepared to play the perfect host by serving Energy drinks, water and biscuits. The entire guest volunteers were made comfortable, also had an influential talk and with the photographic session the Cyclists volunteers resumed their noble journey. The thought itself of going on cycle to promote the "ANTI PLASTIC CAMPAIGN" is very inspiring

SHREE L.R.TIWARI COLLEGE OF ENGINEERING NSS UNIT

Name of Activity : - Beach cleaning post Ganesh Visarjan

Date of Activity : - 24 September 2018

No. Of Participants:- 36

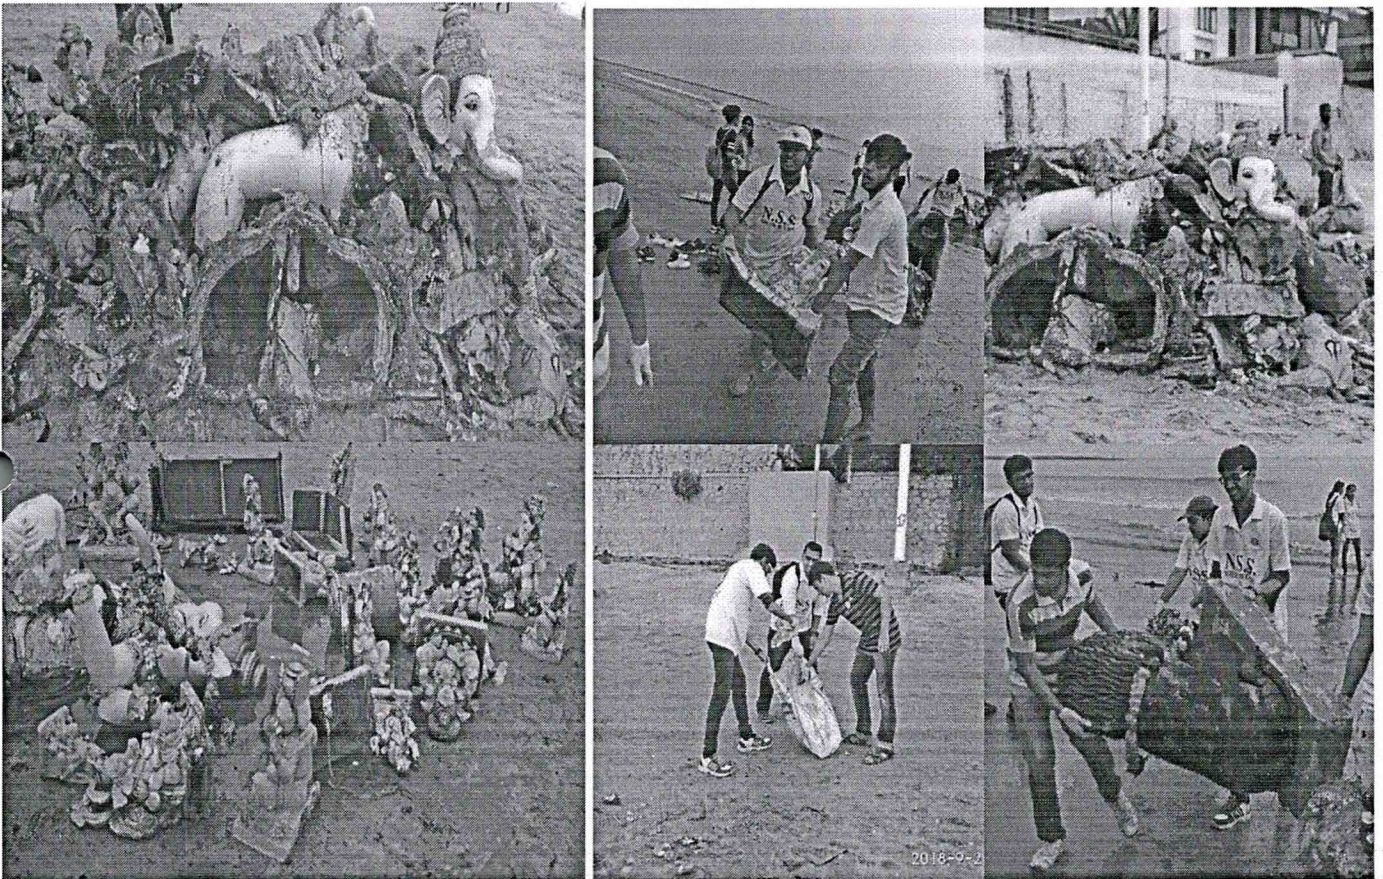

Activity Area :- Juhu Beach

Description: -As the famous quote says, "Go to the beaches and you'll find what real joy is!" But this quote does not hold true these days, especially not after festivals.

After Ganapati visarjan was done in the city, we decided to take a step ahead and clean our beaches. Our NSS unit reached the beach at 7 am. Each volunteer carried gloves with them. We collected plastic bags, eatables (prasad), flowers, leaves, decorations, etc from the sand and put it in the garbage bag. We also went into the water to collect small and big Ganesh idols which were half broken and came under one's foot while walking. There were some real big and broken idols which were hard to bring out of the water, volunteers helped each other to do so. All collected idols from the water were brought away so that they don't go back to the sea. The beach cleaning unit collected the idols and all the other waste and disposed of them in a proper manner.

The beach was looking clean and fresh at the end, as it is supposed to look always.

Name of Activity : Anti-plastic Campaign

Date of Activity. : - 8 September 2018

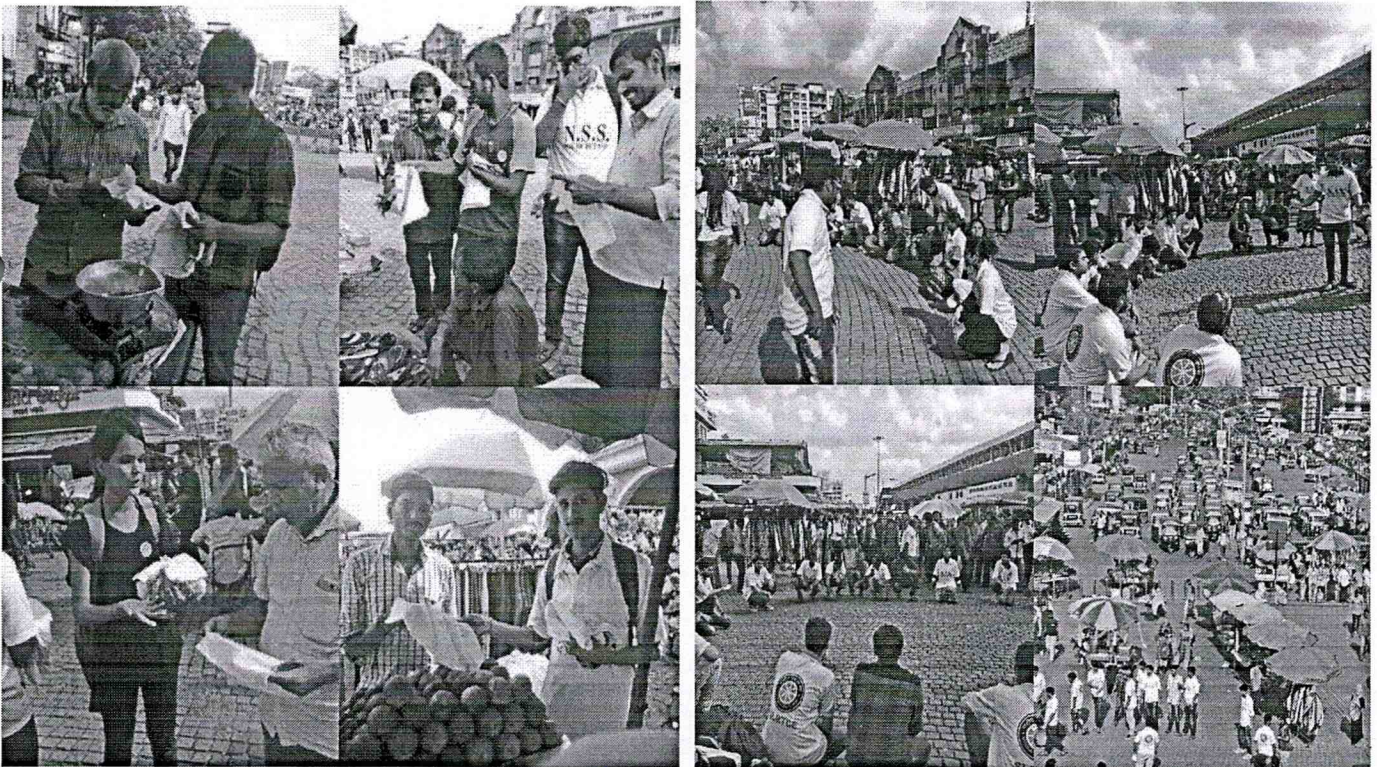

No. Of Participants:-38

Activity Area : - Mira road station and Market

Description: -To promote awareness among common people regarding the pitfalls of using plastic our NSS unit did Anti-plastic Campaign. We started by a rally from MacDonald to Mira road station . We marched along with shouting many slogans throughout the rally. We had made posters for the rally. We were successful in driving many people's attention. As we reached Mira road station, we performed a skit. We presented three real life experiences where we use plastic.

The first one was a market scene where we use plastic bags for buying vegetables. The second one was a holi festive scenario where, young boys and girls play holi using plastic water balloons. The third one was a beach where a coconut man sells coconut water in plastic bags and gives the customer a plastic straw to drink. The NSS volunteers performed the whole skit in such a enthusiastic way that people on the station were really impressed by it. At last we explained them how to reduce use of plastic. At last all the NSS volunteers took a pledge that we won't promote plastic in any way and will take care of our mother earth. We got a lot of appreciation from the audience. We also distributed cloth bags that we made to the people. Everyone gave us a positive reply. The Anti-plastic campaign was indeed successful ! We took the oath that, "Nhi karenge nhi karenge, plastic ka upyog nhi karenge "

SHREE L.R.TIWARI COLLEGE OF ENGINEERING NSS UNIT

Name of Activity : Fire fighting session (Disaster Management)

Date of Activity. : 12 October 2018

No. Of Participants:- 38

Activity Area : SLRTCE Campus

Description -It is always said that "Prevention is better than cure". And hence our Nss Unit conducted a Fire fighting session in our college premises.

Mr. Deepak Pujari (Deputy Commissioner of Mira-Bhayander) visited us. A Fire Fighting officer sir came to our college and explained to us how to manage critical situations. He explained to us that there are different types of Fire - Type A , Type B, Type C. Fires are categorized according to the nature of it. Type A - Combustible material (Wood, paper, etc) .Type B-Flammable liquids. Type C - Flammable Gases. Type D- Flammable Metals,Electrical fire. Type E - Cooking oils and fats.

He performed many demo's with us of how to manage if such a situation arises. We also performed a live demo with the Fire truck. Some NSS volunteers learnt how to use water tanks from van to burning objects. Our NSS unit thanked the officers for the session.Situations such as fire breakout at home, colleges, public events due to various

Name of Activity : Gorai Beach Clean-up
Date of Activity. : 12th January 2019
No. Of Participants:- 43
Activity Area : Gorai Beach , Borivali West

Description –

In order to keep the beaches clean, the residents have to make their hands dirty. Following what is said, we along with the other students from SLRTCE and Beach Warriors landed on the Gorai Beach to initiate the clean up process. The beach was full of plastic and other waste. We collected all the waste and dumped it at the corner where it cannot merge again with the sea. The only solution to maintain the beauty of our beaches is by self-helping and getting our hands dirty!
