Entrepreneurship Development Cell– E-Cell and Incubation Center

Letter of Establishment

Purpose of E-Cell and Incubation Center:-

EDC (Entrepreneurship Development Cell) was established on 13th October 2017 with a vision to bridge the gap between Industry and Institute.

The cell undertakes several activities for student development wherein the student gets corporate exposure while studying and is able to develop a spirit of entrepreneurship.

This enables student capability enhancement as well as their alignment with Industry. This way the E-Cell can promote two fold development and creates a win-win model for students as well as Industry.

Entrepreneurship development cell bridges the gap between project ideas to the market product.

Entrepreneurship development cell has taken a greater responsibility to generate the entrepreneurship skills among the students and to help them to understand their goals to become an overall entrepreneur.

Moreover, we also give student exposure of industrial sector to get perfect idea of market need and requirements.

Student can launch, and commercialize their ideas and is a motivation to bring out their talent and spirit of Entrepreneurship.

Also, E-Cell strives to narrow the gap between industry expectations and student capabilities.

About SLRTCE Ecell and Incubation Center

We started EDC by Conducting Workshop named Illuminate 2017 on 14 October 2017 Seminar Hall. It was conducted by Mr. Ajit Khurana Angel Investor, Sine IIT Bombay. Since then we never looked back and conducted workshop every year. Additional we conducted Workshop for E cell and Incubation Center by renowned Speaker Dr. Prabhu Ramachandran on Basic Python and Advanced Python certified by MHRD and IIT Bombay.

Our Incubation center was inaugurated by Mr. Gaurav Mishra under the name "Vyavasay Abhyas Niketan" with a Seminar on "Incubation and Entrepreneurship" on 29-09-2017 with a aim of

providing an environment to translate Knowledge and innovation into creation of successful entrepreneurships with collaboration and MOU Signed with Atal incubation Center RMP, Uttan and Connecting Dreams Foundation (CDF), New Delhi. Under CDF, we carried out training on Social Entrepreneurship survey of possible startups in Mira road in Academic Year 2019-2020. With AIC RMP we provide platform to our Student to present their business ideas. AIC RMP is our Pre Incubatee.

Under AIC RMP we sent our seven students for Entrepreneurship Internship at Uttan. Our student Kum. Shivang Srivastava got the internship through their selection round.

VISION:

To develop an ideal entrepreneurial ecosystem.

MISSION:

To help create a larger number of student-driven, on campus start-ups that will add to economic and social value. To achieve this, the below mentioned strategies would be applied:

- Teaching students and encouraging them to take up entrepreneurship as a preferred career choice
- Preparing students for successful launching of their start-ups.

OBJECTIVES:

- To encourage Science and Technology students to choose entrepreneurship as their careers.
- To inculcate social responsive behaviors among students aspiring to launch start-ups.
- To orient students as to how they can conceptualize social business start-ups that will address social issues.
- To provide handholding support to students for launching their startups during the entire course of their study.
- To equip students with the necessary skills for managing their business enterprise.

Constitution of E-Cell

E- Cell faculty member's act as the facilitator and students as the active members. The student's members for the E-cell will be selected on the basis of their interest and their willingness to work for E-cell voluntarily. E-cell team will prepare an activity calendar mentioned below for the whole academic year.
