In Association with

Department of Mechanical Engineering and MESA

Organises

TECHNOVATE

On 29th March 2023 Wednesday
Intercollegiate Technical Project Competition

A project competition for Mechanical Engineers that encourages innovative and creative ideas in the field of technology. It provides a platform to showcase their talent and compete with peers from various institutions, while also providing opportunities for networking and learning.

Rules

- Working Model is must.
- Group members should be min 02 to max 04 students.
- Students from any branch can participate.

Event Highlights

- Inauguration
- Project setup
- Judges Evaluation
- Prize & Certificate Distribution
- Closing Ceremony

Prizes

- Winner: ₹5000
- First Runner up: ₹3000
- Second Runner up: ₹2000
- E Certificate for All participants

Registration

Organising Committee

- Dr. Sanjay Kumar - Convener
- Mr. Manish Rane - HoD (Mech.)
- Dr. Umesh Bhadade - Vice Principal
- Dr. Deven Shah - Principal

Payment Details

- Registration Fees ₹ 200 per group
- Registration link: <https://forms.gle/wDg58mSYsiegAvms9>
- Payment link: 9833353230@paytm
- Last date of Registration: 25th March 2023 till 4:00 pm.

Payment QR

Faculty In-charge

- Mr. Ninad Mahadeshwar (9833353230)
- Mr. Santosh Dubey (9172391599)

Intercollegiate Technical Project Competition

TECHNOVATE

Organized by Department of Mechanical Engineering and MESA

In

Association with IET, ASME, IIC

Department of Mechanical and MESA of Shree L. R. Tiwari College of Engineering, Mira Road has organized intercollegiate Technical Project Competition "TECHNOVATE-2023" in association with IET (Institution of Engineering and Technology), ASME, and IIC on 29th March 2023, from 10 am to 5pm. The event was conducted by Mr. Santosh Dubey (Asst. Prof.), Mr. Ninad Mahadeshwar (Asst. Prof.), Dr. Sanjay Kumar (Convener) and Mr. Manish Rane (HoD, Mechanical). The competition was held under MESA in Student Forum focus on the importance of project & practical implementations of innovative ideas in Mechanical Engineering. 26 Groups were registered from various colleges of Degree and Diploma. Approximately 104 Students participated from Pravin Patil Polytechnic, Thakur polytechnic, Saraswati College of Engg., VIVA Institute of Tech., Vidyavardhini's college of Engg. & Tech., Thakur College of Engg. and Tech., Shree. L. R. Tiwari College of Engg. etc. The program began with the inaugural ceremony by Chief Guest Dr. Mayur Dubey, Director of Rahul Education; Department of Mechanical welcomed the judges, Dr. Sanjay Kumar, Mr. Manish Rane and Mr. Aditya Desai SLRTCE. They carefully monitored the projects & gave their valuable suggestions for improvement to the students.

Winner Team: BUBBA 1.0 by Lalitkumar Pradeep kumar Kumawat & Team, Pravin Patil Polytechnic, Bagged the **First Prize**. They were awarded with a cash prize of ₹ 5000/- with certificate.

1st runner up: Hybrid solar and wind energy by Shubham Lokhande & Team, SLRTCE, Mira Road, Bagged the **Second Prize**. They were awarded with a cash prize of ₹ 3000/- with certificate.

2nd runner up: Fabrication & Characterization of Pineapple Crown Fibre Reinforced with Epoxy Resin by Kedar Tukaram Bhambid & Team Saraswati College of Engg., Kharghar bagged the **Third Prize**. They were awarded with a cash prize of ₹ 2000/- with certificate.

E certificate were Emailed to all other participants.

(Approved by AICTE & DTE, Maharashtra State & Affiliated to University of Mumbai)
NAAC Accredited, NBA Accredited Program, ISO 9001:2015 Certified | DTE Code No. : 3423
Minority Status (Hindi Linguistic)

The participants were motivated by the rich experience & guidance of Chief Guest & Guest of Honor. The program ended with a vote of thanks.

Date: - 29th March 2023.

- About **104 Students and 26 Groups** were registered for various Diploma & Degree College of Mumbai University.
- The resource of the projects based working model on Recants Trends in Mechanical Engineering.

Convener:

- Dr. Sanjay Kumar
- Mr. Manish Rane

Faculty Coordinator:

- Mr. Santosh Dubey
- Mr. Ninad Mahadeshwar

Organizing Committee:

- Dr. Deven Shah (Principal, SLRTCE)
- Dr. Umesh Bhadade (Vice Principal, SLRTCE)
- Mr. Vikrant Sankhe (Chairman, IET Mumbai LN)

Learning Outcomes:

1. **Enhanced problem-solving skills:** Project competitions often require participants to come up with innovative solutions to complex problems. This process of problem-solving can help you develop critical thinking and analytical skills that can be useful in a variety of contexts.
2. **Improved teamwork and collaboration:** Most project competitions require teams to work together to achieve a common goal. This can help you develop communication, leadership, and teamwork skills that are valuable in both academic and professional settings.
3. **Increased knowledge and technical skills:** Depending on the nature of the competition, you may have learned new technical skills or gained knowledge about a particular topic. This can be particularly beneficial if you plan to pursue a career in a related field.
4. **Networking opportunities:** Project competitions often bring together students, academics, and professionals from different institutions and industries. This can provide you with valuable networking opportunities and help you connect with people who share your interests and goals.
5. **Increased confidence:** Participating in a project competition can be challenging, but successfully completing the competition can help you feel more confident in your abilities and more prepared for future academic or professional challenges.

Permission Letter

Sub: Permission to inauguration of professional chapter of IGS

Respected Sir,

I Mr. Abhishek Kumar, would like to request for permission to inauguration of professional chapter of IGS . It is scheduled on 10th March 2023 .

The details are listed below.

Course Name: Professional chapter of IGS

Year: TE / BE

Department: Civil Engineering, SLRTCE

No. of Students : 120 (TE-60 BE-60)

Concerning Faculties: 1. Dr.Ajit Patil
2. Mr.Abhishek Kumar

Venue: Seminar Hall

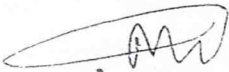

Time : 10.00 am onwards

Kindly grant the permission

Thanking You

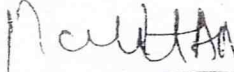

Yours Sincerely,

Proposed By

Mr. Abhishek Kumar
Asst. Professor
Subject In-charge

Report on "Inaugural Ceremony of Student Chapter in "Indian Geotechnical Society in Civil Engineering"

Date: - 10th March 2023

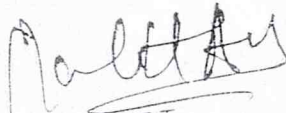

Civil department of Shree L.R. Tiwari College of Engineering has organized an inaugural ceremony of Student chapter in "Indian Geotechnical society in Civil Engineering on 10th March 2023. This program is organized under the guidance of COO Mr. Utsav Tiwari. Inauguration of the program was done on 10th March 2023 by Prof. Dasaka Murty, Chairman of IGS Mumbai Chapter, Prof. Ashish Juneja, Secretary of IGS Mumbai Chapter, Dr. Vishal Thombre, Expert of Industry, Mr. Sridhar Valluri, Head of Business Development at Kellar ground engineering with Dr. Deven Shah Principal of SLRTCE, Dr. Ajit Patil HOD of Civil Engineering Department, Mr. Abhishek Kumar Faculty advisor of the civil engineering department. The speaker for the course was Mr. Sridhar Valluri, Head of Business Development at Kellar ground engineering. In this course use of Geotechnical Engineering manually and software. Civil engineering students were present for the program.

Outcomes of Audit Course and Pelevance to POs:

The students shall be able

- Identify a suitable foundation system for the structure
- Evaluate the importance of foundation and principles of design for buildings
- Analyze and design different types of foundation

Number of students who attended the session: - 120

About SLRTCE

Shree L. R. Tiwari College of Engineering (NAAC Accredited Degree Program), established in the year 2010, was the first engineering college in Mira-Bhayandar, and since then has provided a sound platform, equipping students to stand on their own feet, visualize, grow and build a bright future in the ever-growing industry. The college offers 6 full-time UG courses leading to the degree of B.E from the University of Mumbai and also offers M.E. in Computer Engineering and Electronics & Telecommunication from the University of Mumbai.

About the IGS Chapter

In December 1970, the name Indian Geotechnical Society were established. In January 1994 it hosted 13th International Conference on Soil Mechanics and Foundation Engineering (ICSMGE). Society celebrated its Diamond Jubilee in the year 2008 and racing towards Platinum Jubilee celebrations. The Secretariat of the Society started functioning from its own house since 1996, after operating for a number of years from the premises of CBIP, Institution of Engineers Delhi Centre, IIT Delhi and CSMRS. The regular Conferences popularly known as Indian Geotechnical Conferences (IGCs) started in the year 1983. The Society not only had the distinction of hosting prestigious 13th ICSMGE in the year 1994 at New Delhi.

IGS Objectives

- The Indian Geotechnical Society (IGS) aims at promoting co-operation amongst engineers and scientists for the advancement and dissemination of knowledge in the fields of Soil Mechanics, Foundation Engineering, Soil Dynamics, Engineering Geology, Rock Mechanics.
- It provides a common forum for academicians, research workers, designers, construction engineers, equipment manufacturers and others interested in geotechnical activity.

IGS Outcomes

- Identify suitable foundation system for structure.
- Evaluate importance of foundation and principles of design for buildings.
- Analyse and design different types of foundation.

Permission Letter

Sub: Permission for Expert lecture on ETABS Software

Respected Sir,

I Dr. Ajit, would like to request for permission for the workshop Analysis of Beam by using ETABS. It is scheduled on 29th March 2023.

The details are listed below.

Course Name: Expert lecture on Analysis of Beam using ETABS Software

Department: Civil Engineering Faculty

Concerning Faculty: 1. Dr. Ajit Patil

Venue:, 207

Time : 10.00 am onwards

Kindly grant the permission

Thanking You

Yours Sincerely,

Expert Lecture Report on “Analysis of Beam using etabs Software”

Department of Civil Engineering, Shree L. R. Tiwari College of Engineering has organized an expert lecture on “Analysis of Beam using etabs Software” for all students of BE and TE on 29th March, 2023 at 11.30 pm in Room No 207. The speaker for the expert lecture was Mr.Kshitij Upalkar, Design Engineer in Structure Engineering. The session was very informative and resolved the queries of the participant. Vote of thanks to the Management, Principal, Vice Principal, Head of the department, organizing committee, faculties, students, and participants..

About SLRTCE & SKLTCOA

Shree L. R. Tiwari College of Engineering [SLRTCE] (NAAC Accredited | NBA Accredited Program), established in the year 2010, was the first engineering college in Mira-Bhayandar, and since then has provided a sound platform, equipping students to stand on their own feet, visualize, grow and build a bright future in the ever-growing industry. The college offers 6 full-time UG courses leading to the degree of B.E from the University of Mumbai and also offers M.E. in Computer Engineering and Electronics & Telecommunication from the University of Mumbai.

Smt. K. L Tiwari College of Architecture [SKLTCOA] offers a 5-year program i.e., Bachelor of Architecture. Smt. K. L Tiwari College of Architecture provides a platform to students to leverage their passion for designing and building. The college focuses on developing professional skills of students and empowers them to make the most of their knowledge and realize their full potential for the growth of the society.

About the Audit Course

As per NEP 2020, influence of technology on human endeavors is expected to erode the silos between technical education and other disciplines too. Technical education will, thus, aim to be offered within multidisciplinary education institutions and programmes and have a renewed focus on opportunities to engage deeply with other disciplines of all knowledge.

According to this perspective, Structural and Architectural aspects in Civil Engineering [CE] is jointly organized by Department of Civil Engineering of Shree L R Tiwari college of engineering [SLRTCE] & Smt. K. L. Tiwari College of Architecture [SKLTCOA] to give practical knowledge exposure to civil engineering and architectural students.

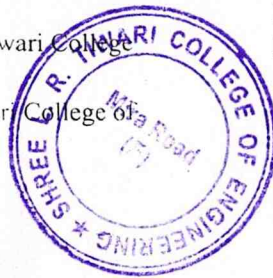

This audit course combines classroom instructions with hands-on labs on realistic building with structural considerations and a sustainability approach.

Details of Participants

- Third Year Students from Shree. L. R. Tiwari College of Engineering
- Third year Students from Smt. K.L. Tiwari College of Architecture

PRINCIPAL

Shree L. R. Tiwari College of Engineering
Kanakiya Park, Mira Road (E).

Audit Course Objectives

- To study soil as foundation material for construction.
- To understand the practical approach of design of structural members.
- To understand the codal provisions for design of RCC structures.
- To get a basic understanding of environmental issues with respect to the construction industry.
- To learn about the methods to reduce environmental impact.
- To understand the basics of what is green building/sustainable development.

Audit Course Outcomes

Students will be able to understand the

- Design of residential building as IS 456:2000
- Architectural aspects of Green Building.

Academic Year 2022 – 2023

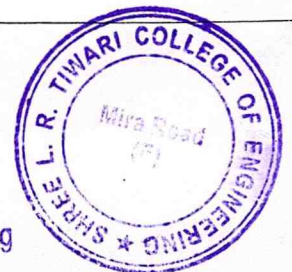

Report for Audit Course on “Structural and Green Building Aspects in Civil Engineering”

Title	Structural and Green Building Aspects in Civil Engineering
Date	09/01/2023 to 30/01/2023
Time	Attached in schedule
Venue	503
Number of participants	72
Image	 Structural and Green Building Aspects in Civil Engineering
Objectives	The course should enable the students to: 1. Design Structural components of G+1 residential Building 2. Study any two aspects of green building
Takeaways from the Session	The audit Course on “Structural and Green Building Aspects in Civil Engineering” was conducted by the Department of Civil Engineering, SLRTCE & SKLTCOA. The course included training on designing structural components of G+1 residential building as IS 456:200 following with calculation of rainwater harvesting and solid waste generation of a building.
Outcomes (Mention if relevant to PO/PSO):	Students will be able to understand the 1. Design of residential building as IS 456:2000. (PO1 & PSO1) 2. Architectural aspects of Green Building. (PO7)

To,
Mr. Prasad
Code Verse Pvt Ltd

Respected Mam,

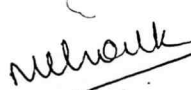

Greeting from SLRTCE!

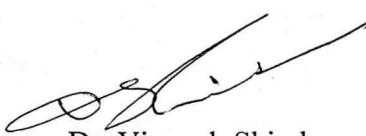

We are planning to organize workshop on 27th January 2023 for SE students of Computer Engineering on “CodeMusicFun” to understand their own perspective and match with the current scenario.

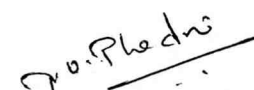

With this intent we would like to invite you as a speaker for this workshop. Under your guidance students will get knowledge about. It will be our pleasure if you send your consent within two days so as to enable us to make necessary arrangements for the workshop. We would be deeply honored by your august presence at the event.

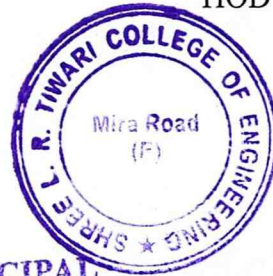

Thanking you,

Yours sincerely,

Mrs. Manasi Chouk

LETTER OF APPRECIATION

Dear Madam,

It gives me immense pleasure to express my profound appreciation to you on behalf of Shree L.R. Tiwari College of Engineering for the workshop conducted by you on 27th January 2023, on "CodeMusicFun" for our students.

Your workshop was an inspiring and rewarding experience for all the participants. It was very well appreciated by our students and will immensely benefit them in future.

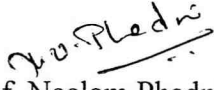

We appreciate your gesture and hope to receive the same response and support from you in future.

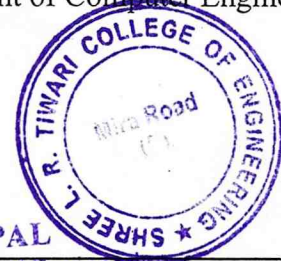

Thanking You,

Yours faithfully,

Dr. Vinayak D. Shinde

ATTENTION

"Workshop for Students"

We are pleased to inform you that, Department of Electronics And Telecommunication is organizing a workshop on "eSim- An Open Source EDA Tool" on 29th July 2022 in association with IETE Students Forum and FOSSEE IITB by Mrs. Madhuri Kadam, Assistant Professor, Shree L.R. Tiwari College of Engineering, Mira Rd.

The objective of this seminar is to motivate and enhance capabilities of students by providing guidance about the Open Source EDA tool in Academia and Research.

All the students of SE EXTC are informed to attend the workshop.

Details of the workshop are:

Date: 29th July 2022

Time: 3:00pm-5:00pm

Venue: Lab 410

Narrative Report of Seminar

Title of the Session: eSim- An Open Source EDA Tool

Date: 29th July 2022

Timings: 3:00pm-5:00pm

Venue: Lab 410

Number of participants: 13

Speaker and Designation: Ms. Madhuri Kadam, FOSSEE Club Collaborator, SLRTCE

Objectives:

- 1) To introduce students with open source EDA tool "eSim" developed at FOSSEE IITB
- 2) To enable students to use the software to perform Analog and Digital Simulation

Target Groups: SE EXTC Students

Knowledge acquired by the seminar:

eSim (previously known as OScad / FreeEDA) is a free/libre and open source EDA tool for circuit design, simulation, analysis and PCB design. It is an integrated tool built using free/libre and open source software such as KiCad, Ngspice, Verilator, Makerchip, and GHDL. eSim is released under GPL.

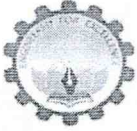

eSim offers similar capabilities and ease of use as any equivalent proprietary software for schematic creation, simulation and PCB design, without having to pay a huge amount of money to procure licenses. Hence it can be an affordable alternative to educational institutions and SMEs. It can serve as an alternative to commercially available/licensed software tools like OrCAD, Xpedition and HSPICE.

Hence Workshop was conducted for the benefit of students By Department of Electronics and Telecommunication in association with IQAC under the guidance of our Principal Dr. Deven Shah.

Ms. Madhuri Kadam started the session with an introduction to various open source tools developed by FOSSEE IITB. She took hands on one example of Analog circuit which involved plotting of response of RC circuit and one on Digital circuit simulation that involved making the

digital circuit in eSim and simulating it to verify the truth table. The emphasis of the workshop was to make students familiar with the eSim tool environment.

Outcomes of seminar:

- To create awareness about the eSim - Open source EDA tool.
- To provide knowledge about scope and competencies of tools in the Electronics and Telecommunication Engineering programme.
- To provide knowledge about the usage of tools to carry out Analog, Digital and Mixed mode simulations.

DEPARTMENT OF ELECTRONICS AND TELECOMMUNICATION

Seminar Proposal

TO,
The Principal,
SLRTCE, Mira Road (East),
Mumbai - 401107.

Subject: Permission for conducting a seminar on "Challenges of Cyber security" on 28th September 2022 (Wednesday).

Respected Sir,

I, Mrs. Aboli Moharil, Head of Department of Electronics And Telecommunication, SLRTCE, would like to take your permission on behalf of the department for conducting a **one hour seminar** on "Why is Cyber security?". We are conducting this seminar keeping in mind the objective to motivate and enhance capabilities of students and provide guidance about the latest technologies in the industry.

Below are the tentative details of the event: -

Title of Seminar: Challenges of Cyber security

Planned Date: 28th September 2022

Duration: 1 hour

Time: 10:15am-11:15am

Target audience: TE and BE students

Mode of Conduction: Offline (Classroom-408)

Name of the Speaker with designation: Noaman Khatri

Honorarium to the speaker: NA

Note: Lecture of TE will prepone by 1 hour and BE student's lab will be conducted after 2:45pm.

Handwritten signature

PRINCIPAL

Shree L. R. Tiwari College of Engineering
Kanakiya Park, Mira Road (E).

Objectives of Seminar/Workshop:

- 1) To acquaint students with the needs of technologies related to defense & security of the nation.
- 2) To provide knowledge about the scope of Electronics and Telecommunication in the Defense Sector.
- 3) To provide knowledge to the students about the learning of the electronics systems requirement for the military environment.
- 4) To know about different career opportunities in the Defense sector.

Mapping with PO:

PO4	Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
PO5	Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.
PO11	Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
PO12	Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.
PSO-2	The graduate should be able to adapt Computer Engineering knowledge and skills to create career paths in industries or business organizations or institutes of repute.
PSO-3	an understanding of skills to communicate in both oral and written forms to have a successful career, demonstrating the practice of professional ethics and the concerns for societal and environmental wellbeing by solving real world problems.

Expected Outcomes:

Students will be able to understand:

- 1) Need of cyber security and its applications in Electronics and Telecommunications
- 2) Requirements of different courses learned in the communication domain.
- 3) About different job profiles in the defense and security domain.

Narrative Report of Seminar

Title of the Session: Challenges of Cyber Security

Date: 28th September 2022

Timings: 10:15 am -11:15am

Venue: 408

Number of participants: 75

Speaker(s) and Designation: 1) Mr. Noaman Khatri Technical Engineer (Security) Hitachi

Objectives:

1. To give an insight of the corporate world and get learnings from their experience.
2. To build a connection between alumni and current academic year students.

Target Groups: session was for all the students and faculties

Knowledge acquired by the seminar:

The Department of Electronics and Telecommunication organized an Interactive Guest session on 28th September 2022. Mr. Noaman Khatri of Batch 2019. Miss Mala Soren, (TE EXTC student) delivered a welcome speech and the session was handed over to our speaker Mr. Noaman Khatri.

Mr. Khatri started the session, where he covered several topics from the cyber security domain starting from the basics such as what is cyber security? Its requirements, various types of cyber security attacks vectors along with their description including malwares, trojans, ransomwares, etc. Moving from basics, he also discussed various types of certificates and industry standards along with the role of an engineer in the security domain including incident and response

handling. He talked about various topics of Cyber Security and its challenges. Mr. Khatri session ended with the Q&A session.

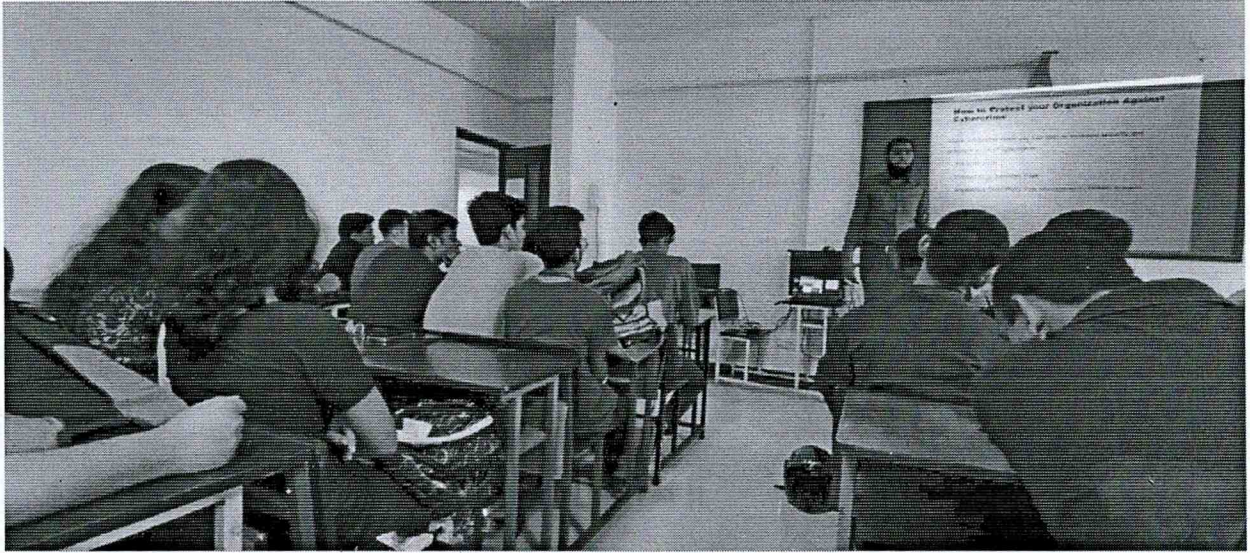

Electronics and Telecommunication Department HOD Prof. Aboli Moharil expressed gratitude to the speakers for the wonderful session and providing brief exposure of the domain career path to the students about the roles, responsibilities.

DEPARTMENT OF ELECTRONICS & TELECOMMUNICATION ENGINEERING

Date: 16/02/2023

Seminar and Activity Proposal

To,
The Principal,
SLRTCE, Mira Road (East),
Mumbai - 401107.

Subject: Permission for conducting a seminar on "Animation using Python Turtle Graphics" on 21st February 2023 (Tuesday) followed by activity based on programming skills developed during this seminar, under IETE Students forum.

Respected Sir,

I, Mrs. Aboli Moharil, Head of Department of Electronics And Telecommunication, SLRTCE, would like to take your permission on behalf of the department for conducting a seminar on "**Animation using Python Turtle Graphics**". We are conducting this seminar keeping in mind the objective to motivate and provide guidance on the latest technologies in the industry. Learning Python turtle animation can be fun and a way to develop students' programming skills. This seminar will be followed by an activity on 24th of February, to test the gained knowledge.

Below are the tentative details of the event: -

Title of Seminar: "Animation using Python Turtle Graphics"

Planned Date for Seminar: 21st February, 2023

Duration: 1 hour

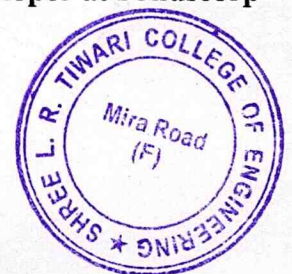

Time: 3PM-4PM

Target audience: SE, TE and BE students

Mode of Conduction: Offline (lab 410)

- **Name of the Speaker with designation: Mrs.Ravi Gupta (Sr.Developer at Frndscorp Company, Mumbai)Handson by Mr.Suraj Bhul (SE, EXTC)**

PRINCIPAL
Shree L. R. Tiwari College of Engineering
Kanakiya Park, Mira Road (E).

Planned Date for Activity: 24th February 2023

Duration: 1 hour

Time: 3PM-4PM

Target audience : SE, TE and BE students

Fees for Seminar: Rs. 100 per student

Winners of the competition will get cash prizes. (from the amount collected)

Objectives of Seminar/Workshop:

- 1) To facilitate the students to achieve a clear conceptual understanding of python library for animation
- 2) To enable the students to develop programming skills
- 3) Mapping with PO:

PO4	Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
PO5	Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.
PO12	Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.
PSO-2	A capability to comprehend the technological advancements in the usage of modern design tools to analyze and design subsystems/processes for a variety of applications with cost effective and appropriate solutions.
PSO-3	an understanding of skills to communicate in both oral and written forms to have a successful career, demonstrating the practice of professional ethics and the concerns for societal and environmental wellbeing by solving real world problems.

Expected Outcomes:

Students will be able to:

- 1) understand animation technology using the python turtle library .
- 2) develop programming skills.

Seminar and Activity under IETE

Name of the Event: "Animation using Python Turtle Graphics"

Date & Time: - 21 February 2023

Venue: Lab No.410

No of participants: - 42

Platform/Mode: Offline

Time:3-5pm

Faculty In-charge: - Mrs. Swapna Patil

Event Head: - Mala Soren, Sharman Kadam, Abha Dave, Pranav Anchan, Tiwari Abhishek Shivanand

Summary of the Event :- On 21th February 2023, seminar on "Animation using Python Turtle Graphics" was held under IETE-ISF and 28th February 2023 competition

The event was under IETE coordinators Mrs. Swapna Patil and IETE students coordinator at 3:00 pm. There were 33 participants present in this event. Speaker Mr. Pratham Maurya is Senior developer and server administrator at wipro and tech consultant at Digifriends and Mr. Suraj Bhul SE-EXTC student explain about how Python Turtle is a built-in library in Python that provides an easy and fun way to create graphics and animations in a simple and interactive way. The library is built on top of the Tkinter module and is used primarily to teach programming concepts to beginners. Speaker explained how Python Turtle allows users to create graphics and animations by using a turtle object, which can be moved around the screen and used to draw lines, shapes, and other graphics. The turtle object can be controlled using a set of simple commands such as forward(), backward(), right(), left(), penup(), and pendown().

In terms of animation, Python Turtle can be used to create simple animations by repeatedly calling a series of turtle movements and drawing commands in a loop. Users can also control the speed of the animation and add other visual effects such as color changes, pen thickness, and fill colors. Overall, Python Turtle is a great library for beginners to learn programming concepts and create simple graphics and animations in a fun and interactive way. However,

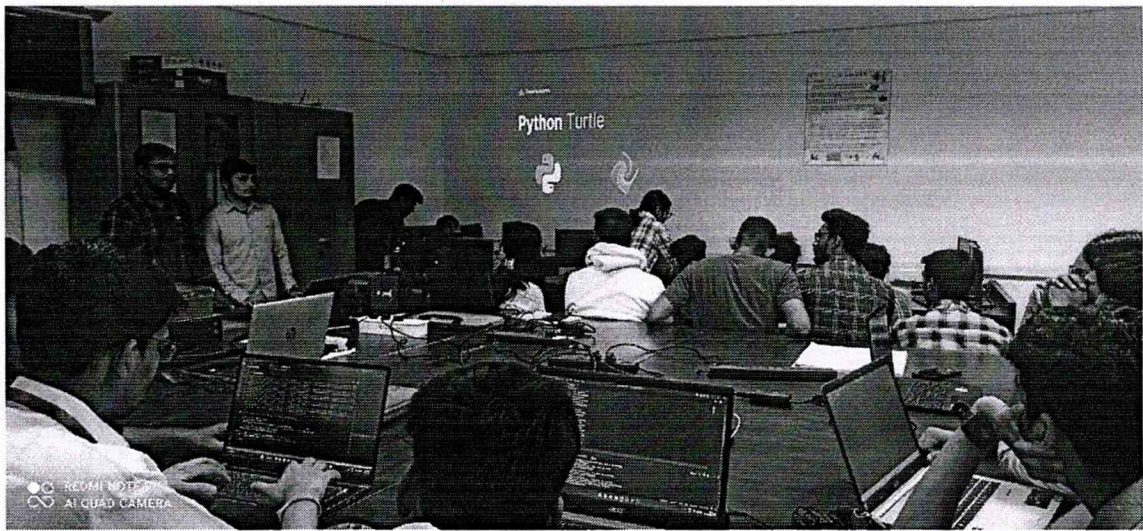

PRINCIPAL

Shree L. R. Tiwari College of Engineering
Kanakiya Park, Mira Road (E).

for more complex animations and graphics, users may need to use other libraries such as Pygame or Matplotlib.

And based on knowledge gain in seminar competition is conducted at 28th Feb 2023 at 3 to 5pm in lab 410 and winners got cash prize.

16th March, 2023

To,
Mr. B.D. Gokhale
IRSSE (Retd.)

Dear Sir,

Greetings from SLRTCE!

Department of Electronics and Telecommunication Engineering of Shree L. R. Tiwari College of Engineering is planning to organize a seminar on "Telecommunication Systems on Metro Rail" on 21st March 2023 (Tuesday) at 3 pm for the duration of 2 hour. The objective of this is to provide knowledge about commissioning at site and maintenance of wireless/Microwave and fiber communication link to students.

With this intent I would like to invite you as a resource person for the session.

It will be our pleasure if you send your consent along with your brief job profile, so that we can make necessary arrangements for the session. We would be deeply honoured by your august presence at the event. Anticipating your favourable response.

Thanking you.

Event Date: 21.03.2023
Event Time: 3 PM

Recd. with thanks.

Seminar Proposal

Title of Seminar/Workshop: Telecommunication Systems on Metro Rail

Course name: Signal processing and Communication

Planned Date: 21 March 2023

Duration: 2 Hrs - Time - ?

Target audience: SE, TE, BE EXTC students and faculty

Mode of Conduction: Offline

**Name of the Speaker with designation: Bhalchandra D. Gokhale. IRSSE (Retd.), Freelance
Technical Consultant for Engineering Colleges in Mumbai.**

Honorarium to the speaker: 2000/-

Objectives of Seminar/Workshop:

1. To provide knowledge about design, detailed engineering, execution, installation of Wireless/ Microwave and fiber communication links.
2. To provide knowledge about commissioning at site and maintenance of Wireless/ Microwave and fiber communication links.
3. To provide knowledge about implementation of Telecommunication system in Metro rail

Mapping with CO/PO:

1. PO7: Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
2. PO11: Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.

PRINCIPAL
Shree L. R. Tiwari College of Engineering
Kanakiya Park, Mira Road (E).

Expected Outcomes:

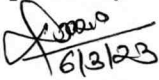

Students will be able to understand

Practical implementation of Telecommunication systems in Metro rail, Metro rail signaling operation, project plan preparation to execution cycle, management of Telecom systems.

Remark with sign by Domain In charge:

This seminar will give knowledge of practical applications of the subjects/concepts to students.

Narrative Report of Seminar

Title of the Session: Telecommunication Systems on Metro Rail

Date: 21st March 2023

Timings: 3:00 pm -5:00 pm

Venue: Seminar Hall

Number of participants: 75

Speaker(s) and Designation: Mr. Bhalchandra D. Gokhale. Sr. communication Engineer, IRSSE (Retd.)

Objectives:

Objectives of Seminar/Workshop:

- 1) To provide knowledge of telecommunication to meet operational and administrative requirements of metro network.
- 2) To provide knowledge of signals and systems in the field.
- 3) To provide knowledge on installation and maintenance of Signaling system.

Knowledge acquired by the seminar:

The Department of Electronics and Telecommunication organized an Interactive Guest session on 21st March 2023 Mr. Bhalchandra D. Gokhale. Sr. communication Engineer, IRSSE (Retd.)

Miss Mala Soren, (TE EXTC student) delivered a welcome speech and the session was handed over to our speaker Mr. Mr. Bhalchandra D. Gokhale.

Mr. Gokhale started the session, where he explained how Telecommunication systems are implemented in Metro Rail. Starting from the basics such as what is need of Telecommunication systems in Metro? Its requirements, Application of various Telecommunication systems in Metro

along with its Practical implementation, Metro rail signaling operation, and project plan preparation to execution cycle, management of a Telecom systems. Moving from basics, he also discussed various types of role of an engineer in the Metro rail including incident and response handling. He talked about various topics of Telecommunication systems in Metro Rail and its challenges. Mr. Gokhale ended session with the Q&A session. Electronics and Telecommunication Department Assistant Prof. Dipti Kale expressed gratitude to the speakers for the wonderful session and providing brief exposure of the domain career path to the students about the roles, responsibilities.

LETTER OF APPRECIATION

Dear Sir,

It gives me immense pleasure to express my profound appreciation to you on behalf of Shree L. R. Tiwari College of Engineering for the seminar conducted by you on "Telecommunication Systems on Metro Rail" held on 21st March, 2023 (Tuesday) for our second, third and Final year students.

Your Seminar was an inspiring and rewarding experience for all the participants. It was very well appreciated by our students and faculty members and will immensely benefit them in future.

We appreciate your gesture and hope to receive the same response and support from you in future.

Thanking You,

Yours faithfully,

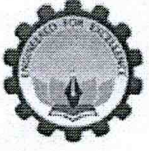

Moharil

Subject: Permission for conducting Seminar on "Object Oriented Paradigm" Monday 17th Oct 2022

Respected Sir,

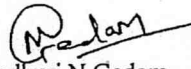

I, Mrs. Madhuri Gedam, Assistant Professor of Department of Information Technology would like to take your permission on behalf of the department for conducting a Seminar on "Object Oriented Paradigm". We are conducting this Seminar keeping in mind the objective to motivate and enhance capabilities and technical knowledge of students and faculties which is helpful for developing projects using cloud services. It will map with PO2- problem analysis PO3- Design/development of solutions, PO5- modern engineering and IT tools, PO11- Project Management and Finance, PO12- life-long learning, PSO1-Analyze and design for real world problem.

Below are the tentative details of the event: -

Organized by: Department of Information Technology
Speaker: Faisal Barkat Khorasi, Bachelor of Engineering-IT, Mumbai
Venue: Mode of conduction: Room No.510
Date: Monday 17th Oct 2022
Time: 3 pm to 4 pm
Honorium to speaker: Nil
Total no of Participants expected:
Participants: BE IT

Kindly give us the permission to conduct this seminar and suggest some improvements if you feel there are any shortcomings of this proposal.

Thanking you,

INVITATION LETTER

To,
Mr. Faisal barkat Khorasi
Bachelor of Engineering-IT,
Mumbai

Dear Sir,

Greetings from SLRTCE!

We are planning to organize a Seminar on "Object Oriented Paradigm" on Monday 17th October for BE IT students and faculties of Information Technology to bridge the gap between the Engineering Curriculum and Industry requirements thus creating the best career prospectus for our students.

With this intent we would like to invite you as a speaker for this event. Under your guidance students will be acquainted with how to develop Object Oriented Programming concept for interview. It will be our pleasure if you send your consent within two days so as to enable us to make necessary arrangements for the Seminar. We would be deeply honored by your august presence at the event.

Thanking you,

Yours sincerely,

Dear madam,

Greetings from SLRTCE!

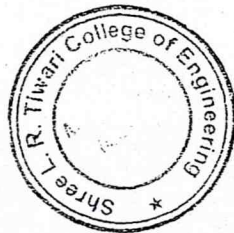

We are planning to organize a Seminar on "Reinforcement Learning Algorithm" And "Interaction Design" on Tuesday 10 Jan 2023 and Wednesday 11 Jan 2023 for BE IT students and faculties of Information Technology to bridge the gap between the Engineering Curriculum and Industry requirements thus creating the best career prospectus for our students.

With this intent we would like to invite you as a speaker for this event. Under your guidance students will be acquainted with importance of Reinforcement Learning and its Algorithm, Interaction Design in User interface.

Thanking you,

Yours sincerely,

Dr. Deven Shah

Mumbai.

Dear Madam,

It gives me immense pleasure to express my profound appreciation to you on behalf of Shree L.R. Tiwari College of Engineering for the Seminar conducted by you on "Reinforcement Learning Algorithm" And "Interaction Design" for students and faculties.

Your Seminar was an inspiring and rewarding experience for all the participants. It was very well appreciated by our students and faculties. It will immensely benefit them in future.

We appreciate your gesture and hope to receive the same response and support from you in future.

Thanking you,

Particulars	Description
Activity	Technical
Sub activity	Seminar
Activity Level	Departmental
Title	Reinforcement Learning Algorithm & Interaction Design
Organized by	Department of Information Technology
Venue	Room No. 510
Date	Tuesday 10 Jan 2023 and Wednesday 11 Jan 2023.
Time	9:15a.m to 10:15a.m
Objective of event	To motivate and enhance capabilities and technical knowledge of students and faculties which is helpful for Defining the key features of reinforcement learning And to distinguishes it from AI and non-interactive machine learning. Also students can be able to understand importance of good interface design.
Targeted Participants	BE IT
List of Distinguished guest present during the opening ceremony	Ms. Achal Singh, Software Engineer, Merkle Goregoan (west), Mumbai.
Total Participants	32
Content of the activity	What is Reinforcement Learning ? Algorithm , It's working and application.
Methodology used	Offline Session

Dear Sir,

Greetings from SLRTCE!

We are planning to organize a Seminar on "Recent Trends in Software Testing and Quality Assurance" on Wednesday 16th September for BE IT students and faculties of Information Technology to bridge the gap between the Engineering Curriculum and Industry requirements thus creating the best career prospectus for our students.

With this intent we would like to invite you as a speaker for this event. Under your guidance students will be acquainted with how to analyze an application, the QA team performs manual testing and automation testing.

Thanking you,

Yours sincerely,

Dr. Deven Shah

Subject: Permission for conducting Seminar on "UI Path Tool" Wednesday 24th Aug 2022

Respected Sir,

I, Mrs. Madhuri Gedam, Assistant Professor of Department of Information Technology would like to take your permission on behalf of the department for conducting a Seminar on "UI Path Tool". We are conducting this Seminar keeping in mind the objective to motivate and enhance capabilities and technical knowledge of students and faculties which is helpful for developing projects using cloud services. It will map with PO2- problem analysis PO3- Design/development of solutions, PO5- modern engineering and IT tools, PO11- Project Management and Finance, PO12- life-long learning.

Below are the tentative details of the event: -

Organized by: Department of Information Technology

Speaker: Nandini Upadhyay , Engineer in Software and cloud services, LTI

Venue: Mode of conduction: Room No.512

Date : Wednesday 24th August

Time: 10.15am to 11.15 am

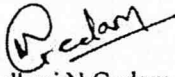

Honorium to speaker: Nil

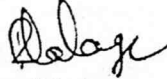

Total no of Participants expected:80

Participants: TE IT

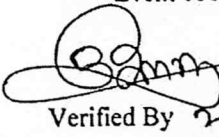

Kindly give us the permission to conduct this seminar and suggest some improvements if you feel there are any shortcomings of this proposal.

Thanking you,

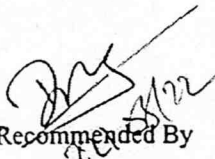

Mrs. Madhuri N. Gedam
