# Guide for people who are blind or low vision

*Windows 10, Office (retired - do not use)*

This guide describes the most popular accessibility features of Windows and Microsoft Office. It also covers [assistive technology products for Windows](#) and [Microsoft Office](#) that are designed for people who are blind or low vision. For a more complete overview [download the full guide](#).

If you have questions related to accessibility, contact the [Microsoft Disability Answer Desk](#). This team can help you use many popular assistive technologies with support in English, Spanish, French, and American Sign Language (ASL).

If you're a government, commercial, or enterprise user, see [Accessibility support for enterprise](#).

To troubleshoot common issues and learn more about some of our accessibility features, including some features covered in this guide, check out the [Accessibility playlist](#) on the Microsoft Customer Support YouTube channel.
