Since they are leading a very hectic and frenetic life under duress that is quite evident in this age that is far known for copiousness of technological advancement and its uses. How health is important for the students and how will they be made more aware to achieve mental satiety and sound physical health was conveyed to them by Dr. Jyoti Amre, a Yoga instructor and an assistant professor from the Humanities & Applied Sciences Department? She helped students to practice some very simple yet useful physical exercises which can easily be done even after sparing a very little time from the busiest daily schedule. The students liked the session and responded well during the session. Some sitting yogic postures and some basic standing poses, they learnt to feel fresh and energetic throughout the day if they practice in the morning. Dr.

Jyoti also demonstrated these postures in front of students while explaining the importance of Yoga. The most mesmeric moment was reached with the collective Chanting of "Om Manta". No doubt, for a while everyone sensed a stage where everybody's mind was so tranquil from the all the worries & apprehensions. The session was really very wonderful and interesting for everyone. Students appreciated it so well and thanked the instructor.
