Cyber Security Club

Educate, Empower, and Unite
Provide members with opportunities to learn and practice essential cybersecurity skills, stay informed about industry trends, and connect with like-minded individuals.

Activities include:

- **Workshops:** Hands-on-learning experiences such as setting up a secure network, penetration testing, or encryption techniques.
- **CTF Challenges:** Test and improve skills through Capture The Flags competitions.
- **Talks and Discussions:** Stay updated and share knowledge.
- **Competitions:** Participate in various contests and bug bounty programs.
- **Tool Demonstrations:** Showcase and teach popular cybersecurity tools.
- **Red Team vs. Blue Team:** Simulated attack and defense exercises.
- **Group Projects:** Collaborate on cybersecurity projects.
- **Certification Study Groups:** Prepare for industry-recognized certifications like EJP, CEH, etc.

Mumbai - 401107.

Subject: Request to grant permission for conducting Seminar on "Orientation Lecture on Cyber Security" on 23rd August, 2023 (Time: 2.45 pm to 4.00 pm)

Respected Sir,

I, Rajesh Gaikwad, Cyber Security Incharge, SLRTCE, would like to take your permission on behalf of Cyber Security Club for conducting Seminar on "Orientation Lecture on Cyber Security". Below are the details of the event:

Event name: A Seminar on "Orientation Lecture on Cyber Security".

Objectives of Seminar:

1. To inform about Cyber Security Club.
2. To inform about Cyber Jagrukta Divas
3. To understand about the activities held by the Cyber Security Club.
4. To understand about the registration process in Cyber Security Club.
5. To create awareness about the Workshop and Seminar held by Students of Cyber Security Club.

Organized by: Cyber Security Club, SWDC.

Speaker: Dr. Devan Shah, Mr. Rajesh Gaikwad, Mr. Jawaharlal Kanoujia,

Designation: Principal, Cyber Security Club Faculty Incharge, Cyber Security Club Student Coordinator.

Venue: Seminar Hall, SLRTCE.

Date: 23rd August, 2023 (Wednesday).

Time: 2.45pm to 4.00pm.

Fees: Nil.

Total no of Student Registration expected: 60.

Honorarium of Speaker: NA.

Expenses: NA

Amount to college: nil.

Participants: SE Students from All Branches.

Kindly give us the permission to conduct the seminar. Suggest some improvements if you feel there are any shortcomings of this proposal.

Thanking you.

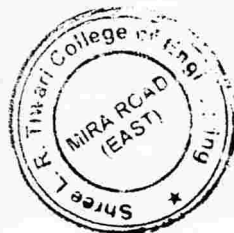

Yours sincerely,

J Kanoujia

Letter of Intent

Subject: letter of Intent for setting up center for excellence lab at SLRTCE for Cryptocurrency investigation. In Association with Lab Systems (I) Pvt.Ltd.

Lab Systems (I) Pvt. Ltd. is a team of engineering professionals committed to provide digital forensic solutions to clients across a broad spectrum of industries. It is one of the top distributors of world class computer forensic software tools like Encase, myFRT, Fast Bloc, Drac, MiniDrac, Magnet Software & many more. Lab Systems India Pvt. Ltd., and its affiliated companies are passionately committed to detect, Investigate and prevent fraudulent practices happening in corporate and government sectors.

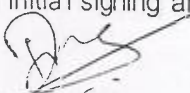

Shree L. R. Tiwari College of Engineering, established in the year 2010, the first engineering college in Mira-Bhayandar, and since then has provided a sound platform, equipping students to stand on their own feet, visualize, grow and build a bright future in the ever-growing industry. The college offers 6 full-time UG courses leading to the degree of Bachelor of Engineering (B.E.) from the University of Mumbai and also offers Master of Engineering (M.E.) in Computer Engineering and Electronics & Telecommunication. All courses are approved by the All India Council for Technical Education (AICTE), New Delhi & Directorate of Technical Education (DTE), Maharashtra State.

Dr.Deven Shah, Principal SLRTCE is working on Blockchain Tech from 2017 and created expertise in cryptocurrency investigation. He have given various talks on the same topic at prominent agencies like National Forensic Science University, Commissioner Police office at Mira Bhayander etc.

Inspite of having the technical background as a academician there is a lacking of on field investigation expertise. In order to fill this gap SLRTCE has identify Lab Systems, who are into forensic investigation from last 20 years, supporting various law agencies across India. Lab Systems will give SLRTCE the opportunity to work on real time challenges of investigation.

SLRTCE will set up a live Bitcoin node and private Bitcoin setup for exclusive training to clients of Lab Systems. SLRTCE will create a team of students and faculty, which include Dr.Deven Shah ,Dr.Vikas Kaul and Prof.Pravin Jangid and few students to work on this technology and support Lab Systems.

Lab Systems (I) Pvt.Ltd will give a Consultancy of Rs.2 Lakh + GST per annum for this activity with initial signing amount of Rs.1 Lakh + GST.

White Paper

Internship Policy at SLRTCE

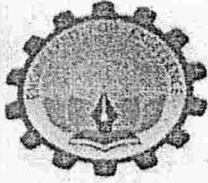

SLRTCE started Internship policy in line with AICTE Internship Policy Guidelines during summer semester *Academic Year 2021-2022*. This policy was set up as an ad hoc since it was just the beginning but now, there is a time to formulate a uniform plan of action to streamline the implementation of internship for all the departments from first year students to the final year students.

Following points are the part of a uniform plan of action for internship policy:

1. As per the AICTE guidelines the internship policy is the responsibility of the placement cell of the college. Apart from this, the role of placement coordinators of all the departments is also quite evident to facilitate the entire internship process.
2. All HoDs & placement coordinators need to work together to create better internship opportunities for all the students to cater their needs.
3. It is mandatory for all the students of higher technical education to complete 600 hours of internship throughout four years of degree course hence, students primarily need to avail the opportunities provided by the college during in-house internship.
4. Placement cell of the college needs to make all the possible efforts to create opportunities for out-houses internship targeting students of all the departments. But the volatile dynamics of industry requirements and its own way of scrutinizing students and providing them the opportunities prevent students from getting equal out-house internship opportunities. Consequently, weaker students get fewer opportunities while bright students get more. Therefore, to create equal opportunities among students, in-house internship is strengthened even though the college shows a strong preference for out-house internship.
5. The purpose of in-house internship is not just to conduct value added courses. It should make students able to work on various projects related to current industry requirements. Training of

PRINCIPAL

NAAC Accredited, NBA Accredited Program, ISO 9001:2015 Certified | DTE Code No. 3423
Minority Status (Hindi Linguistic)

value added course is only the prerequisite. Students should work on real life challenges as per industry requirements. Hence, training hours of value added courses will not be considered as internship hours.

6. Departments/Students may utilize maximum 30% of total internship period during winter & summer semester for value added pre-requisite training. For in-house training, it is the responsibility of the department to make internship as effective as per the industry requirements. This can be made possible by providing problem statement to the students as per the industry demands. To achieve this objective, problem statements can be preferred from Past Smart India Hackathons & from (Niti Aayog)

7. Students need to show their diligent efforts to work on statement problem under the mentorship of faculty or industry experts. The in-house internship credits will be awarded for successful completion of project along with submission of project report. The report should be precise and reflective of students' industrious efforts and attainment of learning objectives. In this regard, a continuous & fair evaluation needs to be done by the mentors.

8. For out-house internship, the faculty needs to check students' performance by upholding the feedback collected by industry persons at regular interval (once in a week). Besides, the faculty will also maintain interaction record in term of date, time and discussion points.

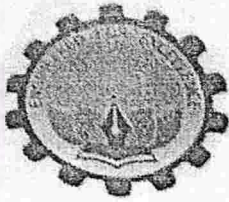

9. At the end of out-house internship, the faculty needs to submit the interaction report and, students need to submit certificates issued by industry affirming the completion of internship.

10. The student diary needs to be updated suitably to reflect the internship credit so that at the end of graduation students may get achievement certificates along with university degree certificates.

11. Each department has to create in-house internship mechanism for semester III to semester VI based on the domain. The second year (winter & summer semester) & 3rd year (winter & summer semester) are covered during the semester. The internship domain should be fixed per semester or it can also be fixed per year. So in case the department going per semester

Minority Status (Hind. Linguistic)

domain then they are offering & domains specific internship. And, if department is offering internship per year where for the winter and summer they are having the same domain for that year, in that case, department can combine multiple domains enabling students to work on more closely related industry learning projects. For example, Machine Learning & Cyber Security will act as one offering for the entire year. Accordingly, such three and four offerings' combination will ultimately attribute a big domain.

12. For first year students, the soft skills training will be conducted by TPO.

13. For BE students, major project will be counted as a part of internship activity.

14. Department can create mechanism for peer learning based on activities of Students' Clubs and Centre of Excellence lab wherein students can give in-house internship to other students as per their expertise gained to operate such labs e.g., cyber security lab. This will help to create extensive opportunities for peer students.

15. It is the responsibility of department to promote in-house internship opportunities to other departments. It will be counted as an achievement of the department if it could engage maximum number of students from other departments. This will enhance interdisciplinary project-based learning among students where CS & IT, ECS & EXTC, MECH & CIVIL, will be considered as one separate group.

NOTICE FOR STUDENTS

This is about internship for students. Normally internship is done between two semesters. Internship has now become mandatory as per the AICTE norms.

SLRTCE always preferred out-house internship for students, but it is not possible for all students to acquire out-house internship and hence in principle, we believe in equal opportunity should be given to all students and hence every department has been instructed to provide in-house internship.

To promote interdisciplinary projects, students are encouraged to enroll for in-house internships offered by other department. Out-house and in-house internship both will be mentored and monitored by internal faculty for fair assessment.

SLRTCE believes that peer learning is the most effective way compared to normal learning through teachers. To promote this, SLRTCE has established one of its kind "cyber security" lab and given free hand to few of the dedicated students.

SLRTCE wants these students to work hard and should come out with problem statements which are highly industry relevant. So this time students have been instructed to provide in-house internships in the cyber security domain and they will act as mentor for other students.

So all students irrespective of department may register for internship for cyber security as one of the choice. The complete internship policy is hereby attached for your reference. You all need to note that internship is mandatory as per the AICTE and internship points will be reflected in Students Diary and will be recognized as a separate certification of achievements that will be issued along with your final degree certificate.

The GS and President of Student Council has been instructed to brief about internship to all students through HOD.

Dr. Deven Shah.

WEEK – 1 Schedule

Date	Time	Hours	Session
5-12-2022	9:15 am to 4:45 pm	6 hr	Introduction to Training
			Introduction to Linux
			Introduction to Networking
6-12-2022	9:15 am to 4:45 pm	6 hr	Introduction to Cyber Kill Chain
			Lab on Reconnaissance
			Lab on Inherit Practical Vulnerability
7-12-2022	9:15 am to 4:45 pm	6 hr	Basic of Network Attacks
			Lab on Enumeration and Exploitation
			Introduction to VAPT and Bug Bounty
8-12-2022	9:15 am to 4:45 pm	6 hr	Introduction to SOC
			Lab on Network Security
			Introduction to SIEM and SOAR
9-12-2022	9:15 am to 4:45 pm	6 hr	Introduction to MITRE ATT&CK
			Lab on Splunk
			Lab on Windows Forensics

WEEK – 2 Schedule

Date	Hours	Session
12-12-2022 To 14-12-2022	30 hr	Working on Industry Projects
15-12-2022	2 hr	Project Evaluation

Problem Statements for Internship

1. Capture location information of a device using a phishing link
2. Extraction of deleted data and existing data from a device
3. Vulnerability Assessment and Penetration Test (VAPT) on Vulnweb
4. VAPT on OWASP Juice Shop
5. VAPT on Local Web-server setup
6. Creating a Network Traffic Analyzer
7. Setting up an Intrusion Detection System (IDS) and Intrusion Prevention System (IPS)
8. Detection of an Attack scenario using Splunk
9. Prepare a case study using MITRE ATT&CK on any recent Cyber-attacks (E.g. attacks on Uber, SCADA and Ukraine war)
10. Exploiting vulnerabilities present in Endpoints
11. Securing an Endpoint using access control and other methods
12. Performing forensics analysis on a compromised system
13. Attacking a System using Covert channels and establishing Foothold

STUDENT WELFARE AND DEVELOPMENT CELL

Date: 3 Dec 2022

CYBER SECURITY CLUB

CYBER SECURITY Internship Programme

Academic Year : 2022-2023

ODD Semester

Internship Objectives:

1	To introduce to Training
2	To introduce to Linux Operating system
3	To introduce Computer Networking
4	To introduce Cyber Kill Chain
5	To give hands on training for Reconnaissance
6	To give hands on training for Inherit Practical Vulnerability
7	To give hands on training for Network Attacks
8	To give hands on training for Enumeration and Exploitation
9	To introduce to VAPT and Bug Bounty
10	To introduce to SOC
11	To give hands on training for Network Security
12	To introduce to SIEM and SOAR
13	To introduce to MITRE ATT&CK
14	To give hands on training for Splunk
15	To give hands on training for Windows Forensics

Student Coordinator

Mr. Suyash bhosale

T. E Computer Engineering

Faculty Coordinator

Mr. Rajesh Gaikwad

Assistant Professor.

CYBER SECURITY CLUB

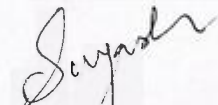

CYBER SECURITY Internship Programme

Academic Year : 2022-2023

ODD Semester

Internship Outcomes

1	Understand Linux Operating System and Computer Networking
2	Understand Cyber Kill Chain give hands on training for Reconnaissance
3	Understand Inherit Practical Vulnerability and Network Attacks
4	Understand Enumeration and Exploitation, VAPT and Bug Bounty
5	Understand SOC, Network Security, SIEM and SOAR
6	Understand MITRE ATT&CK, Splunk, Windows Forensics

STUDENT WELFARE AND DEVELOPMENT CELL

Date: 3 Dec 2022

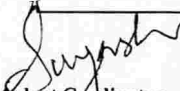

CYBER SECURITY CLUB

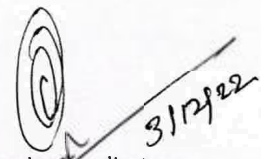

CYBER SECURITY Internship Programme
Academic Year : 2022-2023
ODD Semester

Programme Outcomes

The Following POs shall be addressed during the Activities

PO-3	Design/development of solutions	Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.
PO-5	Modern tool usage	Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.
PO-6	The engineer and society	Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.
PO-9	Individual and team work	Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
PO-10	Communication	Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
PO-11	Project management and finance	Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
PO-12	Life-long learning	Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

Cybersecurity Club Internship
List of Student who completed Internal Winter Internship
Academic Year 2022-2023

Serial No.	Name	Status	Year	Branch	Project Title
1	Aarya Mourya	Complete	SE	ECS	Capture location information of a device using phishing link.
2	Aditya Kini	Complete	BE	CMPN	Creating a Network Traffic Analyzer
3	Akanksha Gairola	Complete	TE	CMPN	Case Study on Uber Data Breach [1]
4	Aniket Ramuprasad Gupta	Complete	TE	CMPN	Extraction of deleted data and existing data from a device
5	Anshika mishra	Complete	TE	EXTC	capture location information using phishing link
6	Anurag Chandrabhushan Patel	Complete	TE	ECS	VAPT Report for VulnWeb
7	Aryan Tiwari	Complete	SE	CMPN	VAPT on OWASP Juice shop
8	Atharva Ramchandra Ahirekar	Complete	TE	CMPN	Extraction of Deleted and Existing Data From a Device
9	DEV RAJESH RAVAL	Complete	SE	ECS	Vapt on juicie shop
10	Gupta Vikas Vinodkumar	Complete	TE	CMPN	Extraction of deleted data and existing data from a device
11	Jawaharlal Hiralal Kanoujia	Complete	SE	CMPN	Vapt on Juice Shop
12	Juwairiyah Khan	Complete	TE	ECS	Extraction of Deleted Data and Existing Data from a Device
13	KHAN MOHD ZAID MOHD AZAM	Complete	SE	IT	2021 Microsoft Exchange Data Breach
14	Leher Gangwar	Complete	TE	CMPN	Setting up IDS and IPS
15	Mandar Pawar	Complete	TE	CMPN	Extraction of Deleted Data and Existing Data from A Device Using Recovery tools
16	NANDINI MAURYA	Complete	SE	ECS	CAPTURING LOCATION INFORMATION OF A DEVICE USING A PHISHING LINK (USING ZOOM)
17	Nidhi brahmgotia	Complete	TE	ECS	Capture location of the device using phising link
18	Niket Tiwari	Complete	TE	CMPN	Setting up an ids and ips
19	OM GARG	Complete	TE	CMPN	CAPTURE LOCATION INFORMATION OF A DEVICE USING PHISHING LINK
20	Pradeep Kumar Mangilal Choudhary	Complete	TE	ECS	Capturing the device location using phising link
21	Priyanshu Shukla	Complete	TE	CMPN	VAPT on OWASP Juice Shop
22	ROHANREDDI GIRISHREDDI JALAREDDI	Complete	TE	IT	Capturing location information of a device using phishing link
23	Saitwadekar Valay Angar	Complete	TE	CMPN	Setting up an Intrusion Detection System (IDS) and Intrusion Prevention System (IPS)
24	Salian Shriya	Complete	TE	CMPN	Case study on uber breach
25	Sankalp Ghosh	Complete	BE	CMPN	Creating a Network Traffic Analyzer (Wireshark)
26	sarfaz khan	Complete	TE	EXTC	CAPTURE LOCATION INFORMATION OF A DEVICE USING A PHISHING LINK (via WhatsApp)
27	Saurabh Dubey	Complete	TE	CMPN	Capture location information
28	Shankar Dinanath Malve	Complete	TE	CMPN	Creating Network traffic analyzer
29	SINGH RITESH ANIL	Complete	TE	IT	Capturing location info of a device using phishing link
30	Sufiyan bilakhiya	Complete	TE	EXTC	Capturing the location of device using phishing link
31	SumanAnan	Complete	TE	EXTC	Capture location information of a Device using a Phishing link Via Telegram

	Supriya Sinha	Complete	SE	ECS	Capture location information of a device using a
32	Tarun Pal	Complete	TE	ECS	VAPT on OWASP Juice Shop
33	Yadav Ankit Lalbahadur	Complete	SE	IT	Ukraine Russia CyberWar case study [2]
34	TUNGEKAR MOHAMMED KAIF	Complete	SE	IT	2021 Microsoft Exchange Data Breach

F. No. AICTE/P&AP/Misc/2022/

Dated: 13.05.2022

CIRCULAR

To

All Vice Chancellors of Technical Universities and
All Directors/ Principals of AICTE Approved Institutions,

Subject: Awareness to deal with Cyber Crime and organizing the Cyber Jagrookta Diwas for sensitizing School/College Students in Municipalities and Panchayats-regarding.

Sir/Madam,

It is informed that the Ministry of Home Affairs has implemented the "Indian Cyber Crime Coordination Center (I4C) Scheme" with the objective of providing an effective mechanism to deal with cyber crime in a coordinated and comprehensive manner. "National Cyber Crime Reporting Portal" www.cybercrime.gov.in has been launched for reporting all types of cyber crimes especially cyber crimes against women and children. The incidents reported in the portal are automatically forwarded online to the State/UT concerned.

The Central Government has taken several steps to spread awareness on the prevention of cyber crime. Your cooperation is expected in the fight against cyber crime.

Therefore, you are requested to create awareness about the steps taken by the Government to deal with cyber crime; especially about the National Cyber Crime Reporting Portal and the National Helpline No. 1930. Students may be encouraged to follow the I4C on social media i.e., Twitter handle (@Cyberdost), Facebook (/CyberDostI4C), Instagram (cyberdostI4C), Telegram (cyberdost_I4C) and contribute in dissemination of cyber security tips.

It is advised that "Cyber Jagrookta Diwas" for sensitizing college students in the fight against cyber crime be celebrated on 6th October, 2022 as desired by Govt. of India; and create public awareness about the steps being taken by the Government to deal with cyber crime especially about the National Cyber Crime Reporting Portal the National Helpline No.: 1930 be created.

Regards

(Dr. Ramesh Unnikrishnan)

12th October 2022

NOTICE

All the SWDC coordinators are hereby informed that there will be an audit conducted by Vice-Principal Dr. Umesh Bhadade on 13th October 2022 at 2 PM. All the coordinators must be ready with their complete files with all the relative documents.

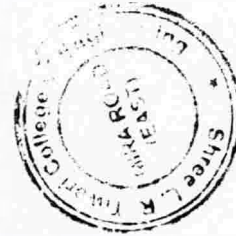

Following are some important guidelines for your reference:

1. All the documents of one event must be kept together in the file.
2. For each event there must be a notice, permission letter, budget approval, feedback report, attendance, account closing report, activity summary report with photographs, etc. must be maintained with signatures.
3. Refer to the email sent on 10th August 2022 and upload the duly signed pdf report (one PDF for one event) in the drive folder shared.

All the coordinators are requested to meet the Dean of Student Affairs with their updated file on or before 4 PM today.

12/10/2022

CYBER SECURITY CLUB

NOTICE

Attention: SE and TE students of the Shree L.R. Tiwari College of Engineering

Subject: CYBER SECURITY CLUB Orientation Programme

All the students of the Shree L.R. Tiwari College of Engineering are hereby informed that Cyber Security Club SLRTCE is organizing a Cyber Security Orientation on 03 August i.e. Wednesday.

All are requested to attend the orientation.

Objectives:

- To inform about Cyber Security Club.
- To inform about Cyber Jagrukta Divas.
- To understand about the activities held by the Cyber Security Club.
- To understand about the registration process in Cyber Security Club.
- To create awareness about the workshops that will be conducted by Cyber Security Club.

Venue: SE (Seminar Hall; Time: 11.15 a.m. onwards)

TE (Seminar Hall; Time: 12.45 a.m. onwards)

Date: 08 August 2022

Day: Monday

Mr. Suraj Maurya

CYBER SECURITY CLUB

SUMMARY REPORT

Topic: Cybersecurity Club Orientation Programme.

Date: 08 August 2022

Day: Monday

Time: 1:00 pm to 2:00 pm

Venue: Seminar Hall

Speaker: Principal Dr. Deven Shah

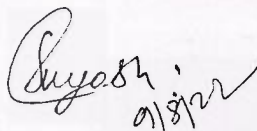

Cybersecurity Club Team:

Suyash Bhosale (T.E CMPN), Suraj Maurya, Manav Arya, Vinay kureel, Sachin Maurya (B.E CMPN), Dhrumil Mistry, Jas Parmar (B.E EXTC)

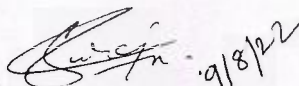

Number of Students Attended: 130

Objectives:

- ✓ To inform about Cyber Security Club.
- ✓ To inform about Cyber Jagrukta Divas.
- ✓ To understand about the activities held by the Cyber Security Club.
- ✓ To understand about the registration process in Cyber Security Club.
- ✓ To create awareness about the workshops that will be conducted by Cyber Security Club.

Google Dorks

Google dorking is a technique used to find information on the web that is difficult to find through simple search engines. This technique includes finding information not intended for public viewing but that has not been adequately protected.

In simple language Google Dorks are filter to search specific results

CYBER SECURITY CLUB

NOTICE

Attention: SE and TE students of the Shree L.R. Tiwari College of Engineering

Subject: Introduction to Linux

All the students of the Shree L.R. Tiwari College of Engineering are hereby informed that Cyber Security Club SLRTCE is organizing an Introduction to Linux Seminar on 21 September i.e. Wednesday.

All are requested to attend the Seminar.

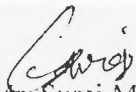

Objectives:

1. To inform about Linux Fundamentals, & Open Source Tech.
2. To inform about Lab Setup and Machine Architecture.

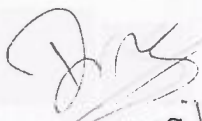

Venue: (Lab 306 & 308; Time: 3:00 p.m. onwards)

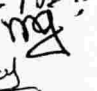

Date: 21 September 2022

Day: Wednesday

Mr. Suraj Maurya
(Student Coordinator)

Prof. Rajesh Gaikwad

AI, SAS,

The instructor was well prepared and organized.	The instructor explained concept clearly and completely.	The instructor appeared to be competent and knowledgeable in this subject.	Communication skills of the instructor.	Is additional training required in this subject?	What is your overall rating for this session?	What did you like about the session?	What new topics would you like to see next in cybersecurity?	Key issues you are facing (if any)	Comments/ Suggestions:
Agree	Agree	Agree	Agree	Yes	Good	I prefer Linux over windows or any other operating system and the fact that Linux is a free OS that's makes it more efficient and we should use Linux more often. The session was good and I'm really excited to learn more.	Would like to learn more about VirtualBox.	No	Instructors did great job.
Strongly Agree	Strongly Agree	Strongly Agree	Strongly Agree	Yes	Excellent	Linux	Hacking		Need more information about networks

SUMMARY REPORT

Topic: Introduction to Linux Fundamentals & Open Source Technology

Date: 21 September 2022

Day: Wednesday

Time: 3 pm - 5 pm

Venue: Lab 306 & Lab 308

Speaker: Prof. Rajesh Gaikwad, Mr. Suraj Maurya, Mr. Suyash Bhosale,

Cybersecurity Club Team: Suyash Bhosale (T.E CMPN)

Suraj Maurya, Manav Arya, Vinay Kureel, Sachin Maurya (B.E CMPN)

Dhrumil Mistry, Jas Parmar (B.E EXTC)

Number of Students Attended: 24

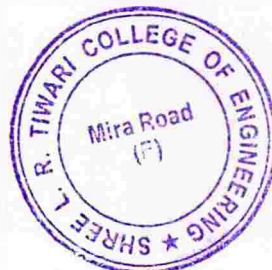

Objectives:

1. To introduce Linux Fundamentals & Open Source Technology
2. To demonstrate Lab Setup and Machine Architecture.

FEEDBACK ANALYSIS AND ATTAINMENT

Academic Year: 2022-2023

Programme Name: Introduction to Linux and Open Source Technology
Question: The session meet its objectives

Answer	Agree (A)	Strongly Agree (SA)	Normal (N)	Attainment
26	7	17	2	
	26.92308	65.38461538	7.692307692	3

Note:

More than 80% students gave feedback Yes then Attainment is 3

More than 70% students gave feedback Yes then Attainment is 2

More than 60% students gave feedback Yes then Attainment is 1

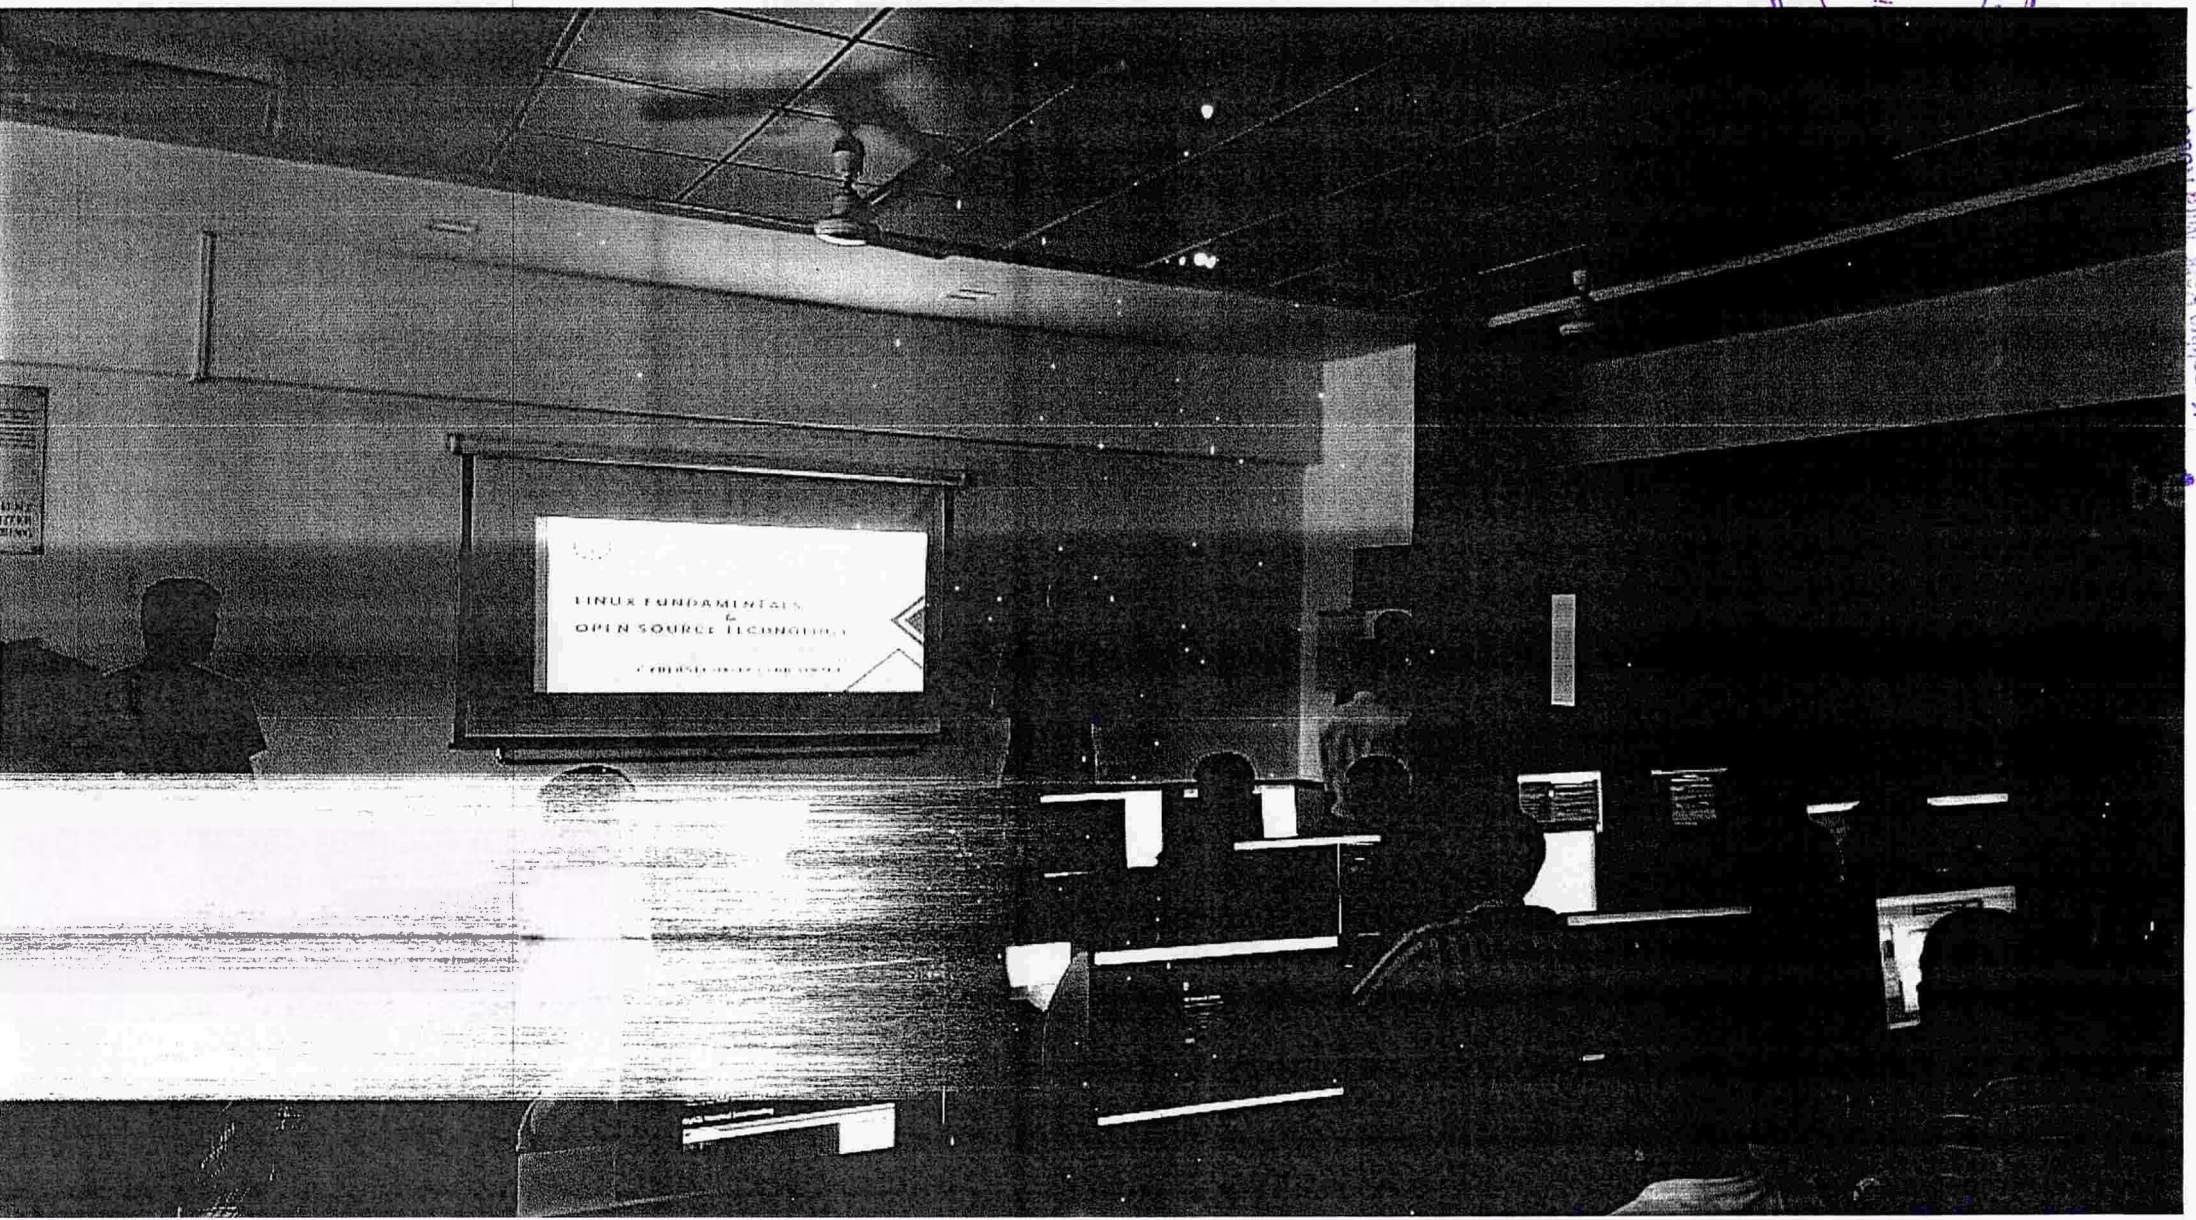

Here Agree and Strongly Agree are added together.

NOTICE

Attention: SE and TE students of the Shree L.R. Tiwari College of Engineering

Subject: Workshop on Computer Networking

All the students of the Shree L.R. Tiwari College of Engineering are hereby informed that Cyber Security Club SLRTCE is organizing a Workshop on Computer Networking on 28th September i.e. Wednesday.

All are requested to attend the workshop.

Objectives:

To inform about Computer Networking Fundamentals.
To inform about Software Define Networking.

Venue: Lab 306

Time: 3:30 pm – 4:30 pm

Date: 28th September 2022

Day: ~~Thursday~~ Wednesday

The session was advertised and met my expectation.	The session was of practical value to me.	The instructor was well prepared and organized.	The instructor explained concept clearly and completely.	The instructor appeared to be competent and knowledgeable in this subject.	Communication skills of the instructor.	Is additional training required in this subject?	What is your overall rating for this session?	What did you like about the session?	What new topics would you like to see next in cybersecurity?	Key issues you are facing (if any)	Comments/ Suggestions:
Strongly Agree	Agree	Strongly Agree	Agree	Strongly Agree	Strongly Agree	Yes	Good	-	Anything		Na
Agree	Strongly Agree	Agree	Normal	Strongly Agree	Strongly Agree	Yes	Excellent	All	Any		Na
Strongly Agree	Strongly Agree	Agree	Strongly Agree	Strongly Agree	Agree	Yes	Good	Detail info about IP and Network	Any		na
Strongly Agree	Agree	Strongly Agree	Strongly Agree	Agree	Strongly Agree	Yes	Good	Everything	Any		NA
Strongly Agree	Strongly Agree	Strongly Agree	Strongly Agree	Strongly Agree	Strongly Agree	No	Good				
Strongly Agree	Strongly Agree	Strongly Agree	Agree	Strongly Agree	Agree	No	Excellent				
Strongly Agree	Strongly Agree	Strongly Agree	Strongly Agree	Strongly Agree	Strongly Agree	No	Good				
Strongly Agree	Strongly Agree	Strongly Agree	Strongly Agree	Strongly Agree	Strongly Agree	No	Good				
Strongly Agree	Strongly Agree	Strongly Agree	Strongly Agree	Strongly Agree	Strongly Agree	No	Excellent
