ABOUT FDP

The National Board of Accreditation (NBA), a body for promoting international quality standards for technical education in India has started accrediting only the programmes running with OBE from 2013. NBA has introduced a new process, parameters and criteria for accreditation which increasingly make it mandatory for all engineering programs to implement Outcome Based Education (OBE).

Based Education (OBE) model is being adopted at a fast pace at Engineering colleges in India now to improve technical education in India and help Indian Engineers to compete with their global counterparts. The main objective of this FDP is to educate the faculty members on how to reorient their teaching learning processes to implement Outcome Based Education (OBE).
