Particulars	Description
Activity:	Technical
Sub Activity:	Seminar
Activity level:	Inter Department – For CSI Students.
Title:	Artificial Intelligence
Organized by:	Department of Computer Engineering
Venue:	Classroom .313 (3rd floor ,Slrtce)
Date:	26-07-2019
Time:	10.00am -12.00pm
Objective of event:	1.Data science by using different Language-Tech Awareness. 2. Artificial Intelligence-Machine Learning Deep

Learning Awareness.

3.Current Marketing adaption-19-20 used by multi giant company –case study amazon.

1.Student got to know current market trend

Expected Outcomes of event :

2. How we can combine AI and deep learning.

3.And how to approach new technologies.

Targeted Participants :

CSI Student Members

Total Participants:

50

Speaker:

Mr.Sanjeev Gupta, (Team lead for SDAC InfoTech)

List Of distinguished guest present during opening ceremony :

Dr.Vinayak Shinde (H.O.D of department of computer engineering).

List of distinguished guest present during closing ceremony:

Dr.Vinayak Shinde (H.O.D of department of computer engineering)

1. Which is best language for data science?

2. Is Java required for data science?

3. Which programming language is best for big data?

4. Is programming required for data scientist?

5. Which language is used in Hadoop?

Content of the activity :

6. What do I need to be a data scientist?

7. What is artificial intelligence machine learning and deep learning?

8. Is deep learning artificial intelligence?

9. What is difference between artificial intelligence and machine learning?

10. What is AI but not machine learning?

Methodology used:

1) Power point presentation.

2) Presentation with notes and comments.

3)Discussion
